SCIENCE & ENGINEERING

110 Prefontaine Pl S, Suite 508

Seattle, WA 98104

Period Ending: 3/31/2013

WSE Project #: 12-029

Project: Satsop River Restoration Project

Progress Report:

WSE completed development of the baseline hydraulic model and prepared summary information for presentation to Gray's Harbor County via a teleconference on 3/20/2013. WSE also met with other members of the project team to familiarize them with the modeling and analysis and begin discussions of project alternatives.
