SUBJECT: 2015 Small Business Liaison Team (SBLT) Annual Report

Small Business Liaison Team (SBLT) members, I want to thank you for your participation in the SBLT during 2015. I am convinced that the SBLT has been highly beneficial not only to the communities we serve but also within our state agency partners by creating an atmosphere of collaboration and innovative thinking. Your active support and involvement has provided the small business community in Washington state with tools, direct assistance, and contributed to a healthier economy for all Washingtonians.

Enclosed is a copy of the 2015 Small Business Liaison Annual Report which summarizes the work that has been collectively accomplished. Please share this with others both internally and outside of your agency and use it as an outreach tool to spark conversations about the great work you have participated in as well as getting input on new ways in which the SBLT can improve the business environment in our great state.

ORIA is looking forward to working with you and your agency in 2016 as we continue to listen to businesses, then drive action to make it easier to do business in Washington State.
