

## GRAYS HARBOR COUNTY REQUEST FOR QUALIFICATIONS CONSULTING SERVICES

Grays Harbor County Department of Public Works is requesting qualifications from Consultants for the following project:

### **Elma-Porter Flood Mitigation Project R-70-09889-37-00**

Services may include geo-technical analysis, hydraulic analysis, flood modeling, various environmental process, bridge design, preparation of technical specifications, construction cost estimate, construction engineering support, bridge inspection, load ratings and scour analysis as required.

This project prepares the design and PS&E for the lengthening of the existing 338-foot overflow bridge with 562-foot long by 34-foot wide structure on the existing alignment and performs hydraulic modeling and alternative flood reduction analysis for the Porter – South Elma area.

Grays Harbor County encourages disadvantaged, minority, and women-owned consultant firms to respond.

All prospective consultants are advised that EEO Compliance Review will be used on this project.

The selection of consultants for this project will include an evaluation of the following factors: key personnel, relevant experience, firm location, ability to meet schedule, past performance and in-house expertise.

Firms desiring consideration shall submit a letter of interest, statement of qualifications (limit to 8 pages), and references to the Grays Harbor County Public Works Office, 100 W. Broadway Suite 31, Montesano, WA 98563-0614 no later than 5:00 PM, **February 25, 2014**

Contact Russell Esses, County Engineer at 360-249-4222 or by email (see below) if you have any questions regarding this solicitation.
