Form 1-2015 -- Property Access Permission

PART I -- Owner of Residential and/or Business Structure

1. I/We are requesting an evaluation be prepared to estimate the suitability and cost of installing FEMA compliant foundation flood openings at no cost to me for the residential and/or business structure I/We own at:

(street address)

(city, state, zip)

(parcel number)

2. I/We also understand the purpose of foundation flood openings is to reduce the potential for structural damage to the foundation of My/Our residential and/or business structure that could result from future flood events.
3. I/We hereby grant permission to the Contractor(s), "McCann Construction" and "Clean Space Northwest", to enter My/Our property at a prearranged date and time for the sole purpose of taking measurements and collecting data to prepare an estimate of the cost to install FEMA compliant foundation flood openings. I/We understand the Contractor(s) will need to inspect both the interior and exterior of the foundation to prepare an accurate estimate of the cost and schedule to install FEMA compliant foundation flood openings. The estimate will be submitted to the State of Washington for approval of funding for installation. If funding for installation is approved and effective, the installing Contractor will not proceed with any work until You sign Form 4-2015 -- Property Owner Installation Permission.
4. I/We hereby release the Chehalis River Basin Flood Authority and the State of Washington, including all of its agencies, offices, and departments and employees, and agents for which it is vicariously responsible, from any liability or costs that may arise in connection with this Property Access Permission and any resulting access. The Contractor(s) are independent contractors and do not act under the control or direction of the State of Washington. This release is not intended to include any indemnification.
