

## Winter 2018 Peninsula Planners Forum Critical Areas Monitoring & Adaptive Management Workshop Part I

**Date:** Thursday, January 18, 2018

**Time:** 1:30 p.m. – 3:00 p.m.

**Location:** Olympic College/Poulsbo (1000 NW Olympic College Way, Poulsbo, WA 98370)

### Workshop Part I Goals:

- Introduce the concept of monitoring and adaptive management for critical areas regulations;
- Explore why monitoring critical areas might be beneficial; and
- Share tools for how to monitor critical areas regulations.

**Questions to Consider Prior to the Workshop:** Prior to the workshop, please consider the following questions and consult your colleagues in your jurisdiction if needed:

- What does your jurisdiction do, if anything, to follow through on critical areas permit compliance (i.e., what are your “feedback loops” for permit implementation)?
- In your jurisdiction, are there approaches for monitoring critical areas regulations that work well or don’t work well?
- What are priority compliance topics that would benefit from an improved feedback loop (e.g., riparian buffers, bulkheads, docks)?

Time	Agenda Topic
1:30 PM 10"	<b>Welcome and Workshop Overview</b>
1:40 PM 10"	<b>Why Monitor Critical Areas Regulations?</b> <ul style="list-style-type: none"> <li>• Break out activity to better understand some reasons why monitoring and adaptive management for critical areas regulations might benefit your jurisdiction.</li> </ul>
1:50 PM 35"	<b>How to Monitor Critical Areas Regulations</b> <ul style="list-style-type: none"> <li>• Panel discussion to share the steps jurisdictions could take to monitor critical areas regulations.</li> <li>• Panel: Heather Ballash (WA Department of Commerce); Tim Gates (WA Department of Ecology), and Keith Folkerts (WA Department of Fish and Wildlife).</li> </ul>
2:25 PM 30"	<b>Critical Areas Monitoring Tool: High Resolution Change Detection</b> <ul style="list-style-type: none"> <li>• Demonstration of how “High Resolution Aerial Imagery Change Detection” could be used to monitor critical areas regulations.</li> <li>• Presenter: Matt Muller (WA Department of Fish and Wildlife).</li> </ul>
2:55 PM 5"	<b>Wrap Up</b> <ul style="list-style-type: none"> <li>• Solicit feedback for Part II of the Workshop (April 19, 2018).</li> </ul>
