

RESOLUTION NO. 424

**A RESOLUTION OF THE CITY OF OAKVILLE,
WASHINGTON, CONTINUING ITS SUPPORT FOR A
BASIN-WIDE SOLUTION TO FLOODING AND AQUATIC
SPECIES RESTORATION.**

WHEREAS, in 2010 and 2016 the City of Oakville, like many other jurisdictions in the Basin, adopted local resolutions in support of a Basin-wide solution to flooding and aquatic species restoration as developed through the Chehalis Basin process (see Chehalis River Basin Flood Authority's Local Resolutions Library below).

WHEREAS, the City of Oakville foresees a future through the Chehalis Basin process where our families and communities are protected from the worst of the periodic catastrophic floods that hit our Basin and a future where habitat restoration projects have turned a declining fishery into a vibrant fishery.

WHEREAS, on April 21, 2020 the Chehalis River Basin Flood Authority stated its support for the Chehalis River Basin Flood Control Zone District's proposed Chehalis River Basin Flood Damage Reduction Project and view that the institutional governance capacity existed in the Basin to identify and implement sufficient "technically feasible and economically practicable" mitigation as required (see "Final CRBFA Letter re DEIS" in the Chehalis River Basin Flood Authority's Local Resolutions Library below).

WHEREAS, the Flood Authority's position on the District's proposed Chehalis River Basin Flood Damage Reduction Project is consistent with previous positions and statements supporting balanced, Basin-wide solutions for flooding and aquatic species restoration made by the City of Oakville.

WHEREAS, the Department of Ecology's Draft Environmental Impact Statement shows the District's proposed Chehalis River Basin Flood Damage Reduction Project will deliver significant reductions in catastrophic levels of flooding for Basin communities and provide substantial reductions in impact and flood inundation for thousands of structures, including homes, schools, churches, small businesses, state highways and I-5 provided impacts are acceptably mitigated.

WHEREAS, the Chehalis River Basin Flood Authority, Office of Chehalis Basin, Chehalis Basin Board, Chehalis Basin Flood Control Zone District, and Chehalis Basin Strategy together provide a well-structured governance and funding framework that has delivered much positive "flood" and "fish" benefit to the Basin since the catastrophic floods of 2007 and 2009.

**THE CITY COUNCIL OF THE CITY OF OAKVILLE, WASHINGTON, DO
RESOLVE AS FOLLOWS:**

Section 1. To support and offer the City of Oakville's continued participation in the integrated processes of the Chehalis River Basin Flood Authority, Office of Chehalis Basin,

Chehalis Basin Board, Chehalis Basin Flood Control Zone District, and Chehalis Basin Strategy as the best way to deliver the most beneficial combination of flood protection and aquatic species enhancement all Basin citizens, stakeholders, and "flood" and "fish" interests deserve.

ADOPTED by the City Council of the City of Oakville, Washington and **APPROVED** by its Mayor, at a regularly scheduled meeting thereof this 20 day of July, 2020.

ANGELO CILLUFFO, MAYOR

Attest:

AMY DURGA, Clerk-Treasurer

Approved as to form and content:

CHRISTOPHER C. BATES
City Attorney
