SUBJECT: Staff Directory (Flood Authority Looking Ahead)

The following will be discussed at today's Flood Authority meeting. Please feel free to contact me with questions (360/480-6600, scottb@sbgh-partners.com).

Background

1. The topic of "Flood Authority Looking Ahead" has been a significant agenda item at recent Flood Authority meeting (9/15/2022 and 11/17/2022 meetings).
2. Key to looking ahead is knowing who is responsible for what.
3. Implementing and administering the daily work of the Flood Authority is accomplished through many people and several different organizations (Lewis County Community Development, WEST Consultants, SBGH-Partners, WA State Recreation and Conservation Office, WA State Office of Chehalis Basin).
4. The following directory is intended to identify who is responsible for what and a be a "Who's Who" to Flood Authority staffing.
