

#	Project	Project Type	Location	Funding	Source(s)**		
1	Salzer Creek backwater control	Floodplain Protection	On Salzer Creek in Lewis County	Local / Twin Cities Project	CBFA May List	Draft Comp. Flood Mgmt. Plan	Centralia Comprehensive Flood Management Plan
2	Increased stormwater on-site detention and retention	Floodplain Protection	Basin-wide	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
3	Overtopping levee on the north end of town	Floodplain Protection	Bucoda	Local / Twin Cities Project	CBFA May List	Draft Comp. Flood Mgmt. Plan	
4	Twin culverts under Main Street at 11 th	Floodplain Protection	Bucoda	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
5	Relief culvert for north side runoff	Floodplain Protection	Oakville	?	CBFA May List	Draft Comp. Flood Mgmt. Plan	
6	Harris Creek fish enhancement	Floodplain Protection	Oakville	In progress (Remove from list)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
7	Sickman-Ford Bridge culvert	Floodplain Protection	Oakville	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
8	Open old migration channels to allow river braiding	Floodplain Protection	Wynoochee and Satsop Rivers	Local with regional support	CBFA May List	Draft Comp. Flood Mgmt. Plan	
9	Culvert projects on Hiram Hill	Floodplain Protection	Grays Harbor County	? (Local)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
10	Montesano WWTP protection	Floodplain Protection	Montesano	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
11	Adna levee improvement	Floodplain Protection	Adna	Local with regional support	CBFA May List	Draft Comp. Flood Mgmt. Plan	
12	Wastewater outfall protection	Floodplain Protection	Basin-wide	? (Local)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
13	Wellhead and water treatment protection	Floodplain Protection	Montesano	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	

#	Project	Project Type	Location	Funding	Source(s)**		
14	Tilley Road culvert replacement	Floodplain Protection	Thurston County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
15	Bank stabilization / Biostabilization	Bank Protection	Basin-wide	Local or basin-wide	CBFA May List	Draft Comp. Flood Mgmt. Plan	
16	Debris removal after a flood		Basin-wide	Local or basin-wide	CBFA May List	Draft Comp. Flood Mgmt. Plan	
17	Biostabilization (bank stabilization with riparian vegetation)	Bank Protection	Basin-wide	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
18	Wynoochee River bank stabilization	Bank Protection	Montesano	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
19	Streambank stabilization	Bank Protection	Bucoda	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
20	Mary's River Lumber bank protection	Bank Protection	Montesano	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
21	Independence Road bank protection	Bank Protection	Thurston County	Remove (completed)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
22	Open migration zone of the Satsop	Conveyance Capacity	Satsop River	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
23	Dredge Lake Sylvia	Conveyance Capacity	Montesano	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
24	Open relic channel at Marys River oxbow	Conveyance Capacity	Grays Harbor County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
25	Floodplain conservation easement program	Regulatory Programs	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
26	Improve floodplain regulations	Regulatory Programs	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	

#	Project	Project Type	Location	Funding	Source(s)**		
27	Tax breaks for removing structures from floodplain	Regulatory Programs	Basin-wide	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
28	Penalization for building in the floodplain	Regulatory Programs	Basin-wide	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
29	Remap high groundwater areas	Planning and Data Collection	Thurston County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
30	Channel migration zone mapping	Planning and Data Collection	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
31	Channel migration analysis	Planning and Data Collection	City of Chehalis to Grays Harbor County	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
32	Augment Chehalis Tribe Flood Plan with 2-, 5-, and 10-year recurrence interval maps	Planning and Data Collection	Chehalis Reservation	Remove (completed)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
33	Survey of river cross-sections	Planning and Data Collection	Basin-wide	Local / Regional (may be done by Corps or FEMA)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
34	Remap floodplains	Planning and Data Collection	Basin-wide	Local / Regional (Being done by FEMA)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
35	Berwick Creek Drainage Plan	Planning and Data Collection	Chehalis and Lewis County	Local (probably to be done by DOT)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
36	China Creek Drainage Plan	Planning and Data Collection	Lewis County and Centralia	Local / Twin Cities Project	CBFA May List	Draft Comp. Flood Mgmt. Plan	
37	Rochester Stormwater Plan	Planning and Data Collection	Rochester	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
38	Reevaluate land uses and zoning based on new mapping	Planning and Data Collection	Basin-wide	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	

#	Project	Project Type	Location	Funding	Source(s)**		
39	Study of woody debris in conjunction with flooding	Planning and Data Collection	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
40	Study of aggregates	Planning and Data Collection	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
41	Evaluate sediment management	Planning and Data Collection	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
42	Study of failed riprap	Planning and Data Collection	Basin-wide	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
43	Conduct studies needed to design proposed mitigation strategies	Planning and Data Collection	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
44	Investigate conditions near Wickett levee	Planning and Data Collection	Chehalis Reservation	Remove (completed)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
45	Determine cause of water backup over Highway 6	Planning and Data Collection	Highway 6	State / DOT	CBFA May List	Draft Comp. Flood Mgmt. Plan	
46	Study of fill adjacent to Harris Creek to determine if it should be removed	Planning and Data Collection	Harris Creek, Chehalis Reservation	? (Local)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
47	Independence Road Bank Realignment Feasibility Study	Planning and Data Collection	Thurston County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
48	Skookumchuck River scour potential study	Planning and Data Collection	Skookumchuck River	Twin Cities project	CBFA May List	Draft Comp. Flood Mgmt. Plan	

#	Project	Project Type	Location	Funding	Source(s)**		
49	Hydraulic model	Planning and Data Collection	Basin-wide	Regional (may be done by Corps of Engineers or FEMA)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
50	Construct a 2-D flow model	Planning and Data Collection	Chehalis Reservation specifically and basin-wide	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
51	Model effects of removing/modifying the Sickman-Ford Bridge Approach	Planning and Data Collection	Sickman-Ford Bridge	Local with regional support	CBFA May List	Draft Comp. Flood Mgmt. Plan	
52	Cumulative downstream flood impact analysis	Planning and Data Collection	Lower basin	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
53	Monitoring program on channel conditions	Planning and Data Collection	Basin-wide	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
54	Study of impact of recent development of trucking and warehouse facilities	Planning and Data Collection	Basin-wide	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
55	Evaluate how groundwater impacts flooding events	Planning and Data Collection	Basin-wide	Regional (in progress by USGS and Partnership)	CBFA May List	Draft Comp. Flood Mgmt. Plan	
56	Riparian habitat inventory	Planning and Data Collection	Basin-wide	Partnership	CBFA May List	Draft Comp. Flood Mgmt. Plan	
57	Develop a floodplain property acquisition program	Planning and Data Collection	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	

#	Project	Project Type	Location	Funding	Source(s)**		
58	Provide educational materials on flood hazard management	Education and Public Information	Basin-wide	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	Chehalis Tribe CFHMP
59	Provide flood proofing guidance to residents	Education and Public Information	Basin-wide	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
60	Establish a Regional Flood Awareness Week	Education and Public Information	Basin-wide	Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
61	Form a flood district	Governance and Management	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
62	Evaluate opportunities for flood warning systems	Emergency Response and Preparedness	Basin-wide	In progress	CBFA May List	Draft Comp. Flood Mgmt. Plan	Chehalis Tribe CFHMP
63	Flood Hazard Warning Policies	Emergency Response and Preparedness	Grays Harbor County	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
64	Improve gauge system in Grays Harbor County	Emergency Response and Preparedness	Grays Harbor County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
65	Acquire generator for City Hall	Emergency Response and Preparedness	Montesano	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
66	Construct drinking water reservoir	Emergency Response and Preparedness	Montesano	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
67	Improve flood notification and response program	Emergency Response and Preparedness	Bucoda	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	

#	Project	Project Type	Location	Funding	Source(s)**		
68	Develop and maintain a specific flood warning program	Emergency Response and Preparedness	Basin-wide	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
69	Manage Wynoochee dam for flood control	Emergency Response and Preparedness	Wynoochee dam	Local / Corps	CBFA May List	Draft Comp. Flood Mgmt. Plan	
70	Manage Skookumchuck dam for flood control		Skookumchuck dam	Twin Cities project	CBFA May List	Draft Comp. Flood Mgmt. Plan	
71	Install generator at Grays Harbor Fairgrounds	Emergency Response and Preparedness	Grays Harbor Fairgrounds	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
72	Address loss of power and cell phone coverage	Emergency Response and Preparedness	Basin-wide	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
73	Establish critter pads to reduce livestock loss	Emergency Response and Preparedness	Basin-wide	Local / agencies	CBFA May List	Draft Comp. Flood Mgmt. Plan	
74	Join the NFIP Community Rating System	Reduction of Damage to Existing Structures	Basin-wide	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
75	Develop a home elevation and buyout program	Reduction of Damage to Existing Structures	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
76	Regrade Main Street	Reduction of Damage to Existing Structures	Bucoda	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
77	Raise elevation of Moon Road/East 188 th Roadway	Reduction of Damage to Existing Structures	Thurston County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	Chehalis Tribe
78	Lincoln Creek floodplain purchase	Reduction of Damage to Existing Structures	Lincoln Creek Road area in Lewis County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	

#	Project	Project Type	Location	Funding	Source(s)**		
79	Protect access to Satsop Development Park	Reduction of Damage to Existing Structures	Grays Harbor County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
80	Protect and restore critical areas	Natural Resource Protection	Basin-wide	Local / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
81	Provide habitat for wildlife and fish	Natural Resource Protection	Basin-wide	Partnership	CBFA May List	Draft Comp. Flood Mgmt. Plan	
82	Camp Creek drainage improvements	Natural Resource Protection	Grays Harbor County	Local	CBFA May List	Draft Comp. Flood Mgmt. Plan	
83	Encourage longer rotations between tree cutting in forests	Natural Resource Protection	Basin-wide	Remove	CBFA May List	Draft Comp. Flood Mgmt. Plan	
84	Encourage improvement of forest management practices	Natural Resource Protection	Basin-wide	State / DNR / Ecology / Regional	CBFA May List	Draft Comp. Flood Mgmt. Plan	
85	Levees	Floodplain Protection	Basin-wide	Regional	CBFA May List		
86	Major water retention (dams)	Floodplain Protection	Basin-wide	Regional	CBFA May List		
87	Minor water retention	Floodplain Protection	Basin-wide	Regional	CBFA May List		
88	Off-Channel Storage (conservation easements)	Floodplain Protection	Basin-wide	Regional	CBFA May List		
89	Beneficial sediment management (dredging)	Conveyance Capacity	Basin-wide	Regional	CBFA May List		
90	Mill Creek dam in Cosmopolis	Floodplain Protection	Cosmopolis	Local / Regional	CBFA May List		

#	Project	Project Type	Location	Funding	Source(s)**		
91	Seamless LiDAR	Planning and Data Collection	Chehalis mainstem and major tributaries		Chehalis River Basin Comprehensive Flood Management Plan		
92	Lower-basin Hydraulic Model	Planning and Data Collection	Upper-basin		Chehalis River Basin Comprehensive Flood Management Plan		
93	Ecosystem Services	Planning and Data Collection	Basin-wide		Chehalis River Basin Comprehensive Flood Management Plan		
94	Lewis County PUD Upstream Storage Phase 2 Studies	Floodplain Protection	Basin-wide		Chehalis River Basin Comprehensive Flood Management Plan		
95	Coordinated Study (data on the Twin Cities Project)	Planning and Data Collection	Basin-wide		Chehalis River Basin Comprehensive Flood Management Plan		
96	Early Warning Program	Emergency Response and Preparedness	Basin-wide		Chehalis River Basin Comprehensive Flood Management Plan		
97	Regional Transportation Flood Alleviation Project Along I-5 in Lewis County	Floodplain Protection	Lewis County and Centralia		Centralia Comp. Flood Management Plan		

#	Project	Project Type	Location	Funding	Source(s)**		
98	Regional Flood Detention Facilities	Floodplain Protection	Basin-wide		Centralia Comp. Flood Management Plan		
99	Regional Stormwater Detention Facilities	Stormwater	Lewis County and Centralia		Centralia Comp. Flood Management Plan		
100	USACE Centralia Flood Reduction Project	Floodplain Protection	Lewis County and Centralia		Centralia Comp. Flood Management Plan		
101	Port of Centralia/City of Centralia Partnership Project	Floodplain Protection/Fish and Wildlife Habitat Enhancement	Chehalis River		Centralia Comp. Flood Management Plan		
102	Develop evacuation plans for communities and residents situated downstream from the Nisqually and Skookumchuck River Dams.	Hazard Damage Reduction	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		

#	Project	Project Type	Location	Funding	Source(s)**		
103	Draft a prioritized list of road segments and bridges that should be elevated above the 100-year floodplain and culverts that will fail under flood flow. Upgrade these structures if state or federal monies become available.	Hazard Damage Reduction	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
104	Develop a southeast flood detour plan for the Thurston County Comprehensive Emergency Management Plan	Plan Coordination and Implementation	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
105	Remap the floodplains for all rivers, streams, and high groundwater areas and update the Flood Insurance Rate Maps (FIRMs)	Data Collection and Mapping	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		

#	Project	Project Type	Location	Funding	Source(s)**		
106	Acquire MIKE 11, a three-dimensional hydrological modeling software package and AQUARIUS, a USGS standard stream flow modeling software package.	Data Collection and Mapping	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
107	Develop mapping products to achieve all flood maps and data sets so they can be reused at a later date.	Data Collection and Mapping	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
108	Map the channel migration zones for all rivers in the region and the extent of high quality riparian habitat.	Data Collection and Mapping	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		

#	Project	Project Type	Location	Funding	Source(s)**		
109	Undertake a study of repetitive public cost losses, this would include residential structures, but also include properties such as livestock, out-buildings and rescue costs not already identified by FEMA	Hazard Damage Reduction	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
110	Revise shoreline regulations to encourage 'shoreline protective structures' to be "bioengineered".	Development Regulations	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
111	Reevaluate land uses and zoning based upon new floodplain maps.	Development Regulations	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
112	Work with others to determine the width and conditions of buffers along river and stream shorelines	Development Regulations	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		

#	Project	Project Type	Location	Funding	Source(s)**		
113	Draft a Comprehensive Plan policy which encourages the creation and use of wetland mitigation bank.	Development Regulations	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
114	Prepare new drainage basin in priority areas such as Salmon and Yelm Creeks	Data Collection and Mapping	Thurston County		Thurston County Flood Hazard Mitigation Initiatives		
115	Remove road embankment fill under Baich Road approach (abandoned)	Structural	Grays Harbor County		Chehalis Tribe CFHMP		
116	Install culverts under South Bank River Road along approach to Sickman-Ford Bridge	Structural	Grays Harbor County		Chehalis Tribe CFHMP		
117	Install large-diameter culverts beneath State Road at Harris Creek	Structural	Grays Harbor County		Chehalis Tribe CFHMP		
118	Replace U.S. Highway 12 Black River Bridge	Structural			Chehalis Tribe CFHMP		
119	Remove push-up level downstream of Sickman-Ford Bridge	Structural			Chehalis Tribe CFHMP		

#	Project	Project Type	Location	Funding	Source(s)**		
120	Install floodplain roughening along left bank of Chehalis River downstream of Sickman-Ford Bridge	Structural			Chehalis Tribe CFHMP		
121	Implement Comprehensive Emergency Management Plan	Non-structural			Chehalis Tribe CFHMP		
122	Acquire facilities and equipment	Non-structural			Chehalis Tribe CFHMP		
123	Evaluate or demolish homes subject to flood inundation	Non-structural			Chehalis Tribe CFHMP		
124	Trail/Dike behind Burger King	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
125	Dike bank of Wishkah north of Hwy.	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
126	Wilson Creek flooding of highway	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
127	Tide gates	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		

#	Project	Project Type	Location	Funding	Source(s)**		
128	Develop preliminary master plan	Plan Coordination and Implementation	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
129	Begin phased implementation	Plan Coordination and Implementation	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
130	Raise portions of Young Street	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
131	Market Street Dike	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
132	Arthur/Randal bank of Wishkah	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
133	Raise flood gate thresholds	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
134	Mill Creek overflow kike on Schey	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
135	Mill Creek flooding	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		

#	Project	Project Type	Location	Funding	Source(s)**		
136	Standby power system	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
137	Frye Creek flooding	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
138	Sea Level Rise Problem	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
139	Evaluate flooding impacts	Plan Coordination and Implementation	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
140	Southside Dike certification	Floodplain Protection	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
141	Chehalis Basin Project	Plan Coordination and Implementation	Aberdeen		City of Aberdeen Public Works Director's Master Project List		
142	Add gauge just below the Wynoochee Dam	Emergency Response and Preparedness	Grays Harbor County		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
143	Consider adding rain gauges	Emergency Response and Preparedness	Grays Harbor County		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		

#	Project	Project Type	Location	Funding	Source(s)**		
144	Install four three-sided structures in the northerly approach to the Sickman-Ford bridge	Floodplain Protection	Oakville		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
145	Revise Thurston County's Comprehensive Flood Hazard Management Plan	Plan Coordination and Implementation	Thurston County		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
146	Evaluate river channel responses to influx and deposition of sediment in vicinity of the Chehalis Reservation	Data Collection and Mapping	Chehalis Tribe		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
147	Conduct a study to determine volume, placement, and potential impacts of flood on failed riprap placed by Thurston County on the Chehalis River bank adjacent to Independence Road	Data Collection and Mapping	Chehalis Tribe		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		

#	Project	Project Type	Location	Funding	Source(s)**		
148	Identify and conduct studies that would need to be accomplished in order to design the proposed mitigation strategies (such as raising Moon Road)	Data Collection and Mapping	Chehalis Tribe		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
149	Coordinate with the Flood Authority to develop a dynamic model of the middle basin to assess effects of future basin development on the flood hydrology at the Chehalis Reservation.	Data Collection and Mapping	Chehalis Tribe		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
150	Study the surface water and runoff impact of recent large trucking and warehouse facilities built in the Basin.	Data Collection and Mapping	Public Comment		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
151	Study groundwater/surface water interaction	Data Collection and Mapping	Grays Harbor - will submit form		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		

#	Project	Project Type	Location	Funding	Source(s)**		
152	Study impacts and feasibility of upstream storage on flood elevations and summer low flows.	Data Collection and Mapping	Lewis County PUD		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
153	A decision support tool for watershed planning	Data Collection and Mapping		Chehalis River Basin	New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
154	Provide on-going public education regarding best management practice issues, flood hazard mitigation, water quality, stormwater	Education and Public Information	Centralia		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
155	Develop a community-wide flood hazard educational outreach program	Education and Public Information	Chehalis Tribe		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
156	Develop a floodplain conservation easement program	Regulatory Programs	Grays Harbor		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
157	Improve floodplain and stormwater regulations	Regulatory Programs	Centralia		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		

#	Project	Project Type	Location	Funding	Source(s)**		
158	Complete storm and surface water utility projects at Meridian Heights, Mallard Pond Phase 2, and Evergreen Terrace (scheduled 2009)	Floodplain Protection	Thurston County		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
159	Develop a technical assistance program for bank stabilization and/or debris removal	Bank Protection	Lewis County		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
160	Establish reforested corridors along river and stream shorelines, working with landowners and others	Natural Resource Protection	Thurston County		New Projects Proposed by Flood Authority Jurisdictions 11/22/10		
161	Replace the existing culvert at Harris Creek under State Street with a three-sided structure	Floodplain Protection	Oakville		New Projects Proposed by Flood Authority Jurisdictions 11/22/10
