

South Central Sound LIO

Subcommittee on Stormwater and Infill Development

“Building Cities in the Rain”

Time: November 7 from 1 – 3 PM

Place: City of Federal Way Council Chambers (thanks Will Appleton)

Directions: <http://www.ci.federal-way.wa.us/DocumentCenter/Home/View/453>

City Motto: “It’s all within reach!”

Agenda:

- Project update: review and discuss the [Background memo](#) on Stormwater and Infill (10-14) and findings from initial interviews
- Discuss next steps (see page 8 of Memo)

Recommended light reading:

The memo and project website include many links addressing the issue of stormwater in dense urban areas. Highlights:

- Short, highly readable sites: [Dense and Beautiful Stormwater Management](#); [Watersheds, Walkability and Stormwater](#), and [Rainwater-in-Context](#).
- EPA’s [Using Smart Growth Techniques as Stormwater BMPs](#) (p. 11 – 47)

Also, if you aren’t yet steeped in VISION 2040 centers, read [Chapter 3, Development Patterns](#) (p. 46-60)
