

# MEMORANDUM

**Date:** September 26, 2019  
**To:** Chehalis Basin Board  
**From:** Andrea McNamara Doyle, Director  
**Re:** 2020 Chehalis Basin Board meeting schedule

## Proposed Dates for 2020 Chehalis Basin Board meetings

Based on discussions at the September Board meeting, staff recommends the meeting dates and locations outlined below for 2020. This recommendation reflects Board members' stated interests in:

- Continuing to hold regular monthly meetings on the first Thursday;
- Including a central basin meeting location into the rotation of upper and lower basin locations;
- Adding a day-long workshop in advance of the October board meeting;
- Reserving additional half day meetings if needed to receive briefings on major work products expected to be completed in the late summer/early fall timeframe;
- Reserving time for at least two evening meetings, clustered in the same week, to receive public comment on the staff recommendations for the draft long term strategy assessment.
