January 2024

DEVELOPING THE EROSION MANAGEMENT PROGRAM

November 2021 through December 2022

12 to 15 member workgroup

\$320,000 Budget

FRAMEWORK FOR EROSION MANAGEMENT PROGRAM

Urgent/Imminent

Property threatened

Damage in <2 years

Reach Scale

Broader scope

Medium-term threat

Identify root causes

Technical Studies

Improve knowledge

Long-term benefit

2023-2025 BIENNIUM BUDGET

Task	Amount
Urgent/Imminent	\$500,000
Reach-scale	\$285,000
Program Support	\$80,000
Technical Advancement	\$30,000
Total	\$895,000

URGENT/IMMINENT — NEWAUKUM LEWIS CONSERVATION DISTRICT

URGENT/IMMINENT — WYNOOCHEE RM 16.5

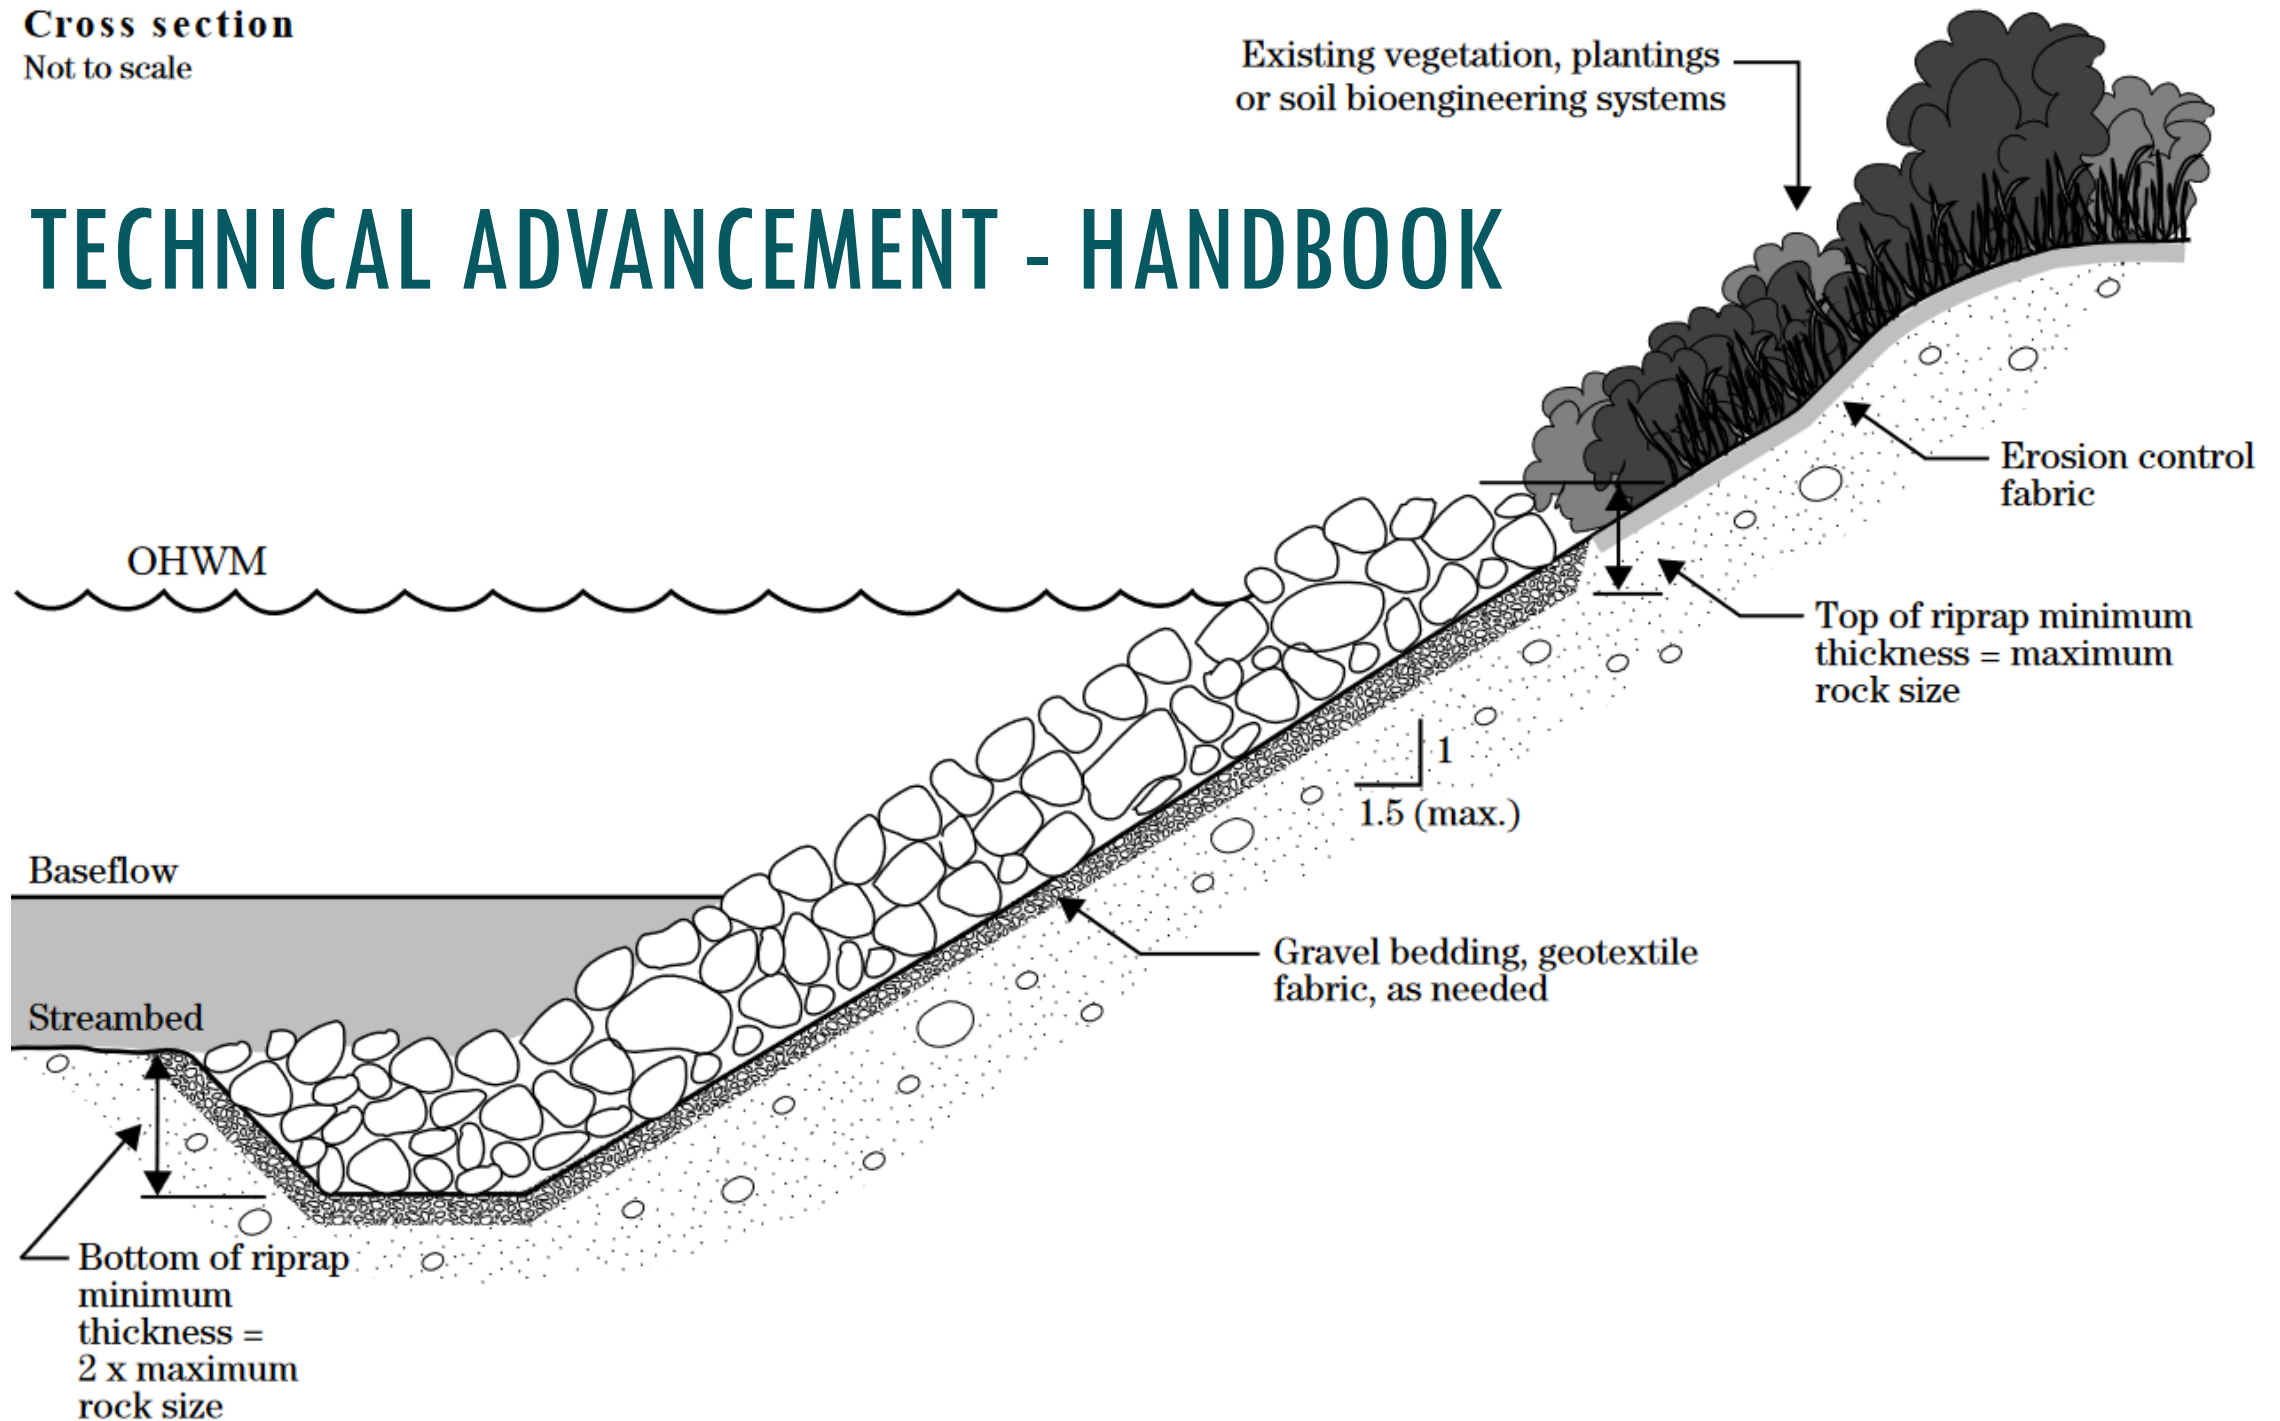

GRAYS HARBOR CONSERVATION DISTRICT

A person wearing a green jacket and dark pants stands on a grassy bank, looking down at a river. The riverbank shows a significant vertical cut of dark brown soil, indicating erosion. The water is calm and reflects the sky. In the background, there are trees and a distant hill under a cloudy sky.

REACH-SCALE — CHEHALIS RM 24-26

GRAYS HARBOR CONSERVATION DISTRICT

TECHNICAL ADVANCEMENT - HANDBOOK

POTENTIAL IMPROVEMENTS

- Tweak award criteria
- Add Flood expertise on technical review team
- Engage EMP with other programs
- Improve and document procedures
- Create Criteria and Metrics to evaluate projects
- Advertise opportunities to potential participating landholders

The Erosion Management Program is fully subscribed for 2023-25
and is in high demand.
