

An aerial rendering of a river basin. In the foreground, a large steel truss bridge spans a wide river. The river flows from the bottom left towards the right. In the background, a town with various buildings and parking lots is situated on a grassy hill. Another smaller bridge is visible further upstream. The landscape is lush with green trees and grass. The text 'Chehalis Basin' is written in a large, white, sans-serif font, and 'LAND' is written in a large, white, outlined font below it. A small asterisk is placed above the 'D' in 'LAND'.

**Chehalis Basin Board Meeting**

**March 2, 2023**

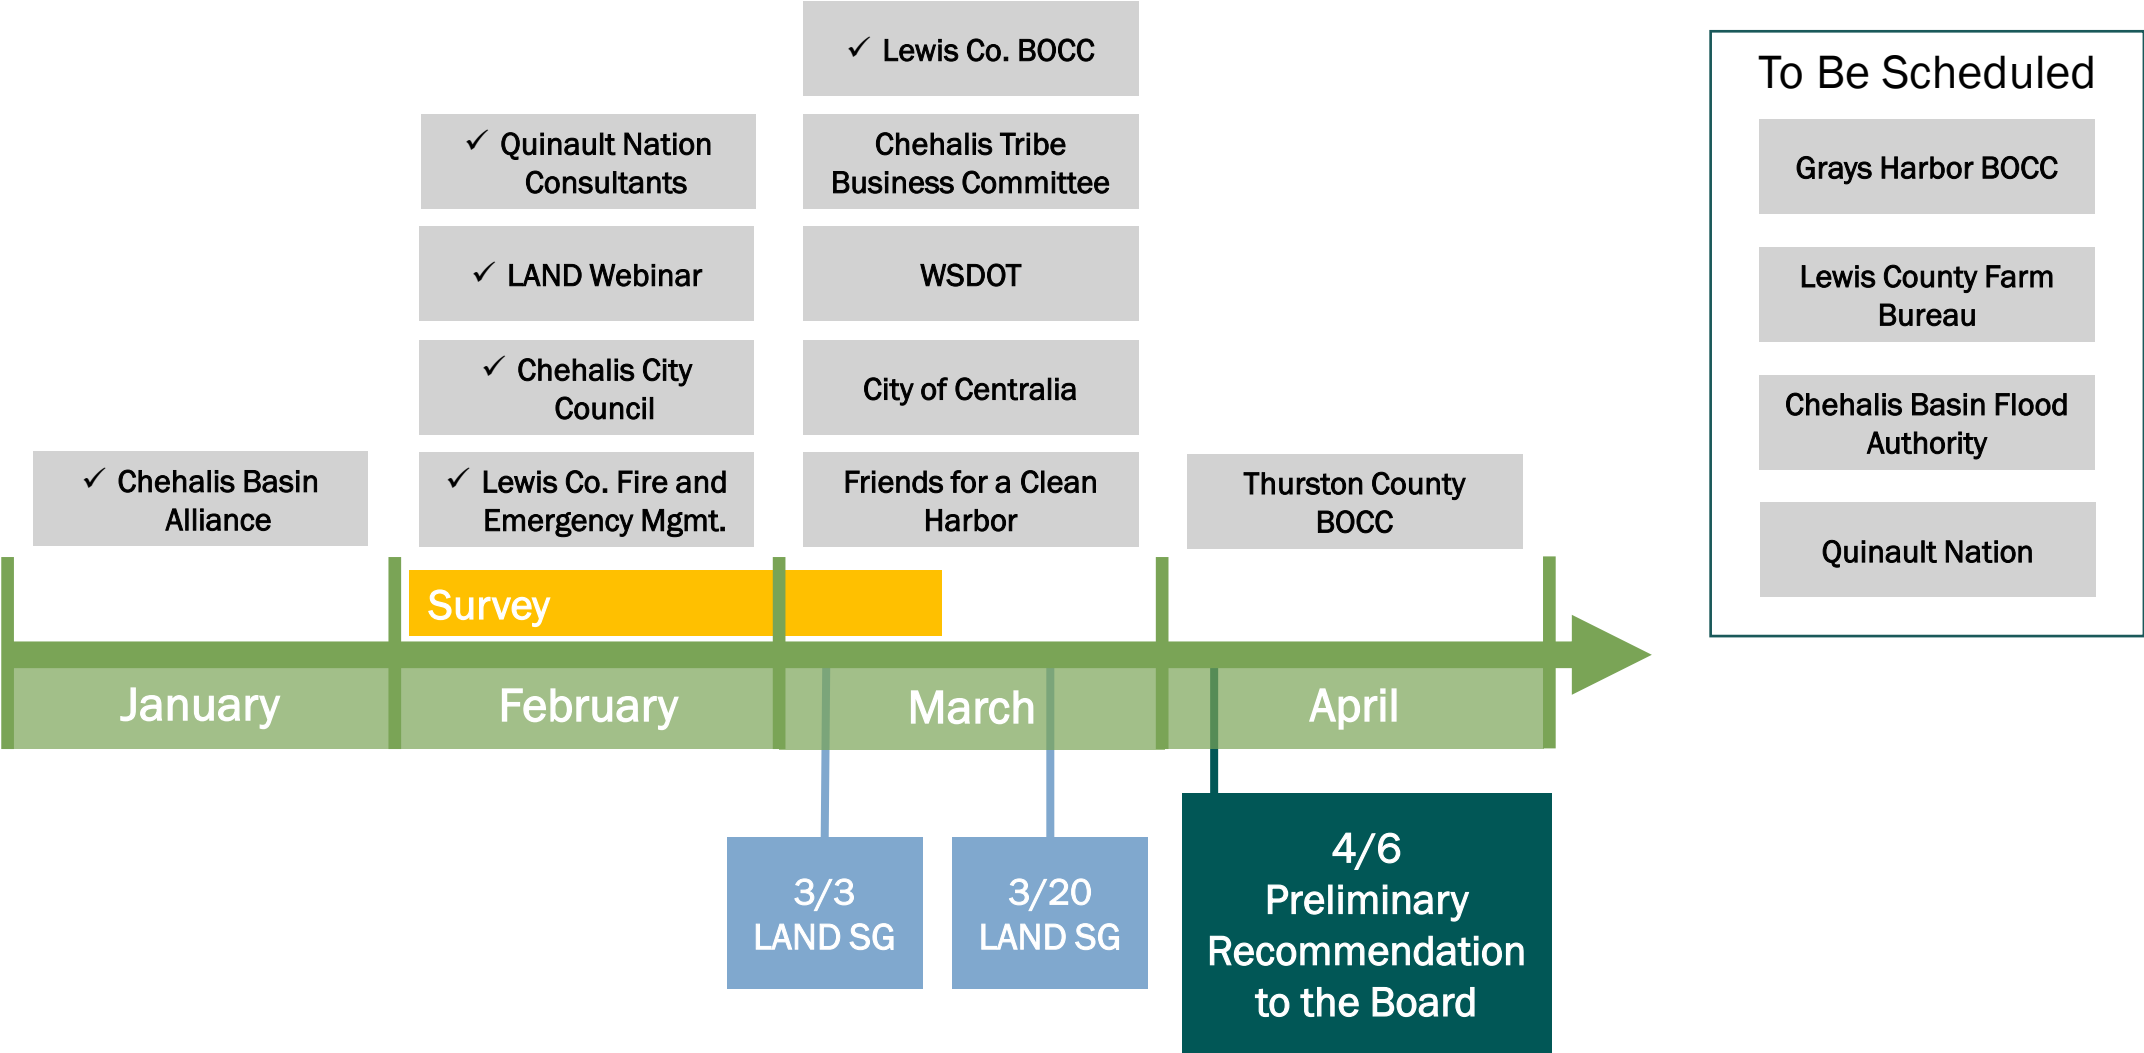

# WORK IN PROCESS

The LAND Steering Group has requested additional information for their March 3rd meeting:

- Refinements and cost updates for the proposed Safe Structures Program
- Information and locations of upstream and downstream impacts related to LAND
- Implementation considerations for land use and development capacity
- Economic Impacts of LAND on urban and rural locations
- Equity, recreation, and ecosystem services analysis
- Regulatory process and permitting streamlining

An aerial rendering of a landscape featuring a river with three truss bridges. In the background, a town with various buildings is nestled among green trees. The foreground shows a large bridge structure crossing the river. The text 'Chehalis Basin' is in white, and 'LAND' is in large white outline letters. A small asterisk is placed above the 'D' in 'LAND'.
