

Puget Sound Nutrient Forum

Agenda

March 6, 2019 ~ 10:00 a.m. to 3:00 p.m.

Lacey Community Center

The Department of Ecology is hosting this Nutrient Forum meeting to learn and discuss how other coastal estuaries manage nutrients. We will hear from three guest speakers from the Long Island Sound, Chesapeake Bay, and San Francisco Bay on their agencies' nutrient management plans.

To Participate:

This public meeting will be held at the Lacey Community Center ([6729 Pacific Ave SE, Olympia](#)) and conducted as an interactive webinar (WebEx). Participants can attend in person or by using WebEx. [Please RSVP online](#) to let us know how you will be attending. To participate by WebEx, you must [register](#) prior to the meeting.

Agenda

Note: Times may vary according to questions and discussion during topic presentations.

10:00 a.m.	<p>Welcome</p> <ul style="list-style-type: none"> Recap of Puget Sound Nutrient Source Reduction Project
10:15 a.m.	<p>Nutrient Management in Long Island Sound</p> <ul style="list-style-type: none"> Guest speaker, Rowland Denny is a Supervising Environmental Analyst for the Water Planning and Management Division at the Connecticut Department of Energy and Environmental Protection. He will present on the Long Island Sound TMDL and permitting process and their state-managed nitrogen trading program.
11:05 a.m.	<p>Nutrient Management in Chesapeake Bay</p> <ul style="list-style-type: none"> Guest speaker, Allan Brockenbrough II, is the Manager of VPDES Permits at the Virginia Department of Environmental Quality. He will present on nutrient management in the Chesapeake Bay, how they work with point vs. non-point sources of nutrients, and their water quality trading program.
12:00 p.m.	<p>Break for Lunch (<i>lunch will not be provided</i>)</p>
1:00 p.m.	<p>Nutrient Management in San Francisco Bay</p> <ul style="list-style-type: none"> Guest speaker, David Senn PhD, is the Co-Director of the Clean Water Program at the San Francisco Estuary Institute and Lead Scientist for the Bay Area Nutrient Management Program. He will present on nutrient management in the San Francisco Bay, nutrient monitoring, and preparing for future scenarios and population growth.
1:50 p.m.	<p>Questions & Panel Discussion (Speakers and Ecology staff)</p> <ul style="list-style-type: none"> We will hold this time for questions for our speakers and to discuss how other state's strategies may apply to the Puget Sound Nutrient Source Reduction Project.
2:50 p.m.	<p>Next steps</p> <ul style="list-style-type: none"> Upcoming meetings in 2019.
3:00 p.m.	<p>Adjourn</p>
