**Water Body Affected:** Budd Inlet

**Ecology Region:** SWRO

**County:** Thurston

**Nearest City:** Olympia

**Location of Spill:** West Bay Marina

**Cause:** Fire

**Ecology Responder:** Greg Dunbar

**Incident Summary:** The PC *Crab N Jazz* caught fire due to an unknown cause while moored at West Bay Marina in Olympia. The fire resulted in the sinking of the vessel and a release of an estimated 110 gallons of gasoline and an estimated 1 gallon of lube/motor oil to Budd Bay. These estimates are based off the vessel owner's statements and observations by Ecology spill responders who monitored the vessel during the time it was submerged. The owner, who resides in Arizona, and his insurance company had difficulty coordinating a contractor to raise the vessel in a timely manner. In addition, further logistical issues with local salvage companies delayed recovery of the vessel until October 16. Once removed from the water, salvors reported that the vessel's fuel tank was empty.
