

## PREASSESSMENT SCREENING OIL SPILL REPORT FORM

**ERTS#** 720223

**Date of Incident:** 01/15/2023

**Potential Liable Party:** Coleman Oil Company, LLC

**Product Spilled:** Diesel Low Sulphur (ULSD) and Gasoline mix

**Spill Source:** Commercial tanker truck and trailer

**Oil Spill Size Estimate:** 2000 gallons

**Water Body Affected:** Spring Flat Creek

**Ecology Region:** ERO

**County:** Whitman

**Nearest City:** Colfax

**Location of Spill:** Highway 195 SB MP 34

**Cause:** Multi-vehicle accident

**Ecology Responder:** Patrick Brown, Sean Thompson

**Incident Summary:** On January 15, 2023, an oil tank truck and pup trailer owned by Coleman Oil Company was involved in a multi-vehicle accident on southbound Highway 195 in Colfax. The tank truck rolled onto its side, releasing an estimated 2,000 gallons of diesel fuel and gasoline into a wet ditch and nearby Spring Flat Creek. Coleman Oil hired Able Cleanup to excavate the contaminated soil and use sorbents to collect oil from the ditch and creek. The cleanup and investigation are ongoing.
