

- 1.0 Executive Summary
- 2.0 Introduction
 - 2.1 Project Purpose
 - 2.1.1 Project Background
 - 2.1.2 Project Goals and Objectives
 - 2.2 Whitepaper Contents and Organization
- 3.0 Identify and Compare Methods for Measuring Particle Size Distribution
 - 3.1 Chapter Purpose
 - 3.2 Overview of Chapter Contents and Work Completed
 - 3.3 Particle Size Distribution Test Methods
 - 3.3.1 Modified SSC Method (TAPE Method)
 - 3.3.2 Other Sieve Methods
 - 3.3.3 Sedimentation (Hydrometer Analysis)
 - 3.3.4 Laser Diffraction
 - 3.3.5 Optical Method
 - 3.3.6 Electron Resistance (Impedance) Method
 - 3.4 Discussion
 - 3.4.1 Detection Limits
 - 3.4.2 Reproducibility
 - 3.4.3 Time to Perform Analysis
 - 3.4.4 Cost Per Test
 - 3.4.5 Availability of Testing
 - 3.4.6 Comparison of Sieve Methods
 - 3.5 Recommendations
 - 3.6 Recommendations for Future Research
- 4.0 Characterize Sources of Particulates to Stormwater
 - 4.1 Chapter Purpose
 - 4.2 Overview of Chapter Contents and Work Completed
 - 4.3 Synthesis of Literature
 - 4.4 Data Analysis
 - 4.5 Discussion
 - 4.6 Recommendations

- 4.7 Recommendations for Future Research
- 5.0 Identify Influence of PSD on Stormwater Chemistry
 - 5.1 Chapter Purpose
 - 5.2 Overview of Chapter Contents and Work Completed
 - 5.3 Synthesis of Literature
 - 5.4 Data Analysis
 - 5.5 Discussion
 - 5.6 Recommendations
 - 5.7 Recommendations for Future Research
- 6.0 Identify Detrimental Impacts of Different Particle Sizes to Receiving Waters
 - 6.1 Chapter Purpose
 - 6.2 Overview of Chapter Contents and Work Completed
 - 6.3 Synthesis of Literature
 - 6.4 Data Analysis
 - 6.5 Discussion
 - 6.6 Recommendations
 - 6.7 Recommendations for Future Research
- 7.0 Determine BMP Effectiveness as a Function of PSD
 - 7.1 Chapter Purpose
 - 7.2 Overview of Chapter Contents and Work Completed
 - 7.3 Synthesis of Literature
 - 7.4 Data Analysis
 - 7.5 Discussion
 - 7.6 Recommendations
 - 7.7 Recommendations for Future Research
- 8.0 Applying Study Results
 - 8.1 Chapter Purpose
 - 8.2 Overview of Chapter Contents and Work Completed
 - 8.3 Recommendations for Applying Study Results
 - 8.4 Data Gap and Limitations of Results
 - 8.5 Next Steps
 - 8.6 Summary of Future Research Recommendations
