PSS13175-000036	Ediz Hook	Rejected	Clallam	48.14203636	-123.4257579	Cage lost after deployment in 2015/16 survey. High-energy site, risk of cage loss extreme.
PSS13175-000040	Fort Worden	Rejected	Jefferson	48.13084438	-122.7625099	Cage lost after deployment in 2015/16 survey but found again when a barefoot swimmer stepped on it and cut their foot. This site is on a popular swimming beach and the cage poses a safety risk to swimmers when not visible.
PSS13175-000050	Fort Ward Park	Rejected	Kitsap	47.58137288	-122.526731	There are already six SAM sites on Bainbridge Island, we rejected this site because it would have lead to overrepresentation of that location.
PSS13175-000051	Shoreline, S of Boeing Creek	Rejected	King	47.73996024	-122.3768831	We could not establish a safe access point to this site.
PSS13175-000053	Blair Waterway	Rejected	Pierce	47.27687019	-122.4084622	Another SAM site (PSS13175-000025) is already in the Blair Waterway in close proximity to this site, including this second site would have lead to an overrepresentation of that waterway.
PSS13175-000055	Fairhaven, Post Point	Rejected	Whatcom	48.71193484	-122.5190753	We could not establish a safe access point to this site.
