Comments

- Specific information on funding requests can be found here: [SFY 2024 funding requested](#)
Note: the funding requested information online differs a little from the above table due to changes in project categories and adjustments in funding requests during application screening.
- 24 more applications than last year (150 new applications, 1 streamlined to next phase).
 - One small community wastewater project from SFY23 (design-only) was identified as ready to be considered for construction funding.
 - There is a higher overall number of applications, especially wastewater projects from small communities and stormwater facility projects.
- Similar distribution among project categories as last year.
- CWSRF includes an estimated additional \$36.3 million of Bipartisan Infrastructure Law (BIL) funding.
 - SRY24 applications will be reviewed for potential eligibility for Emerging Contaminants BIL funding.
- Will likely to be able to fund most eligible loan requests that score >600 points.
- Applications are currently being screened and evaluated.
- Draft Funding Offer List will be published by Tuesday, January 31, 2023—possibly a bit earlier.
