Paint Stewardship

Chapter 70A.515 RCW

Megan Warfield

November 2020

Why Stewardship for Paint?

- Willing industry
- One of the largest volume materials collected at MRW facilities
- Drying paint out is inconvenient and messy
- Increase the rate of paint reuse and recycling
- Expensive for local government

For up-to-date information about the impact of COVID-19 on PaintCare programs and services, visit our COVID-19 page.

Recycle with PaintCare

PaintCare makes it easy to recycle leftover, unwanted paint. We operate paint stewardship programs on behalf of paint manufacturers in states that have passed paint stewardship laws.

Who Can Participate?

Latex

- Households
- Business – any size

Oil Based

- Households
- Business – small only

Program Products

Program Products

- Latex paints
- Oil-based paints
- Sealers
- Stains
- Lacquers
- Varnishes

Non-Program Products

- Aerosols
- Thinners, solvents
- Caulking compound
- Specialty coatings
- OEM and industrial paints
- Leaking, empty, or without the original label

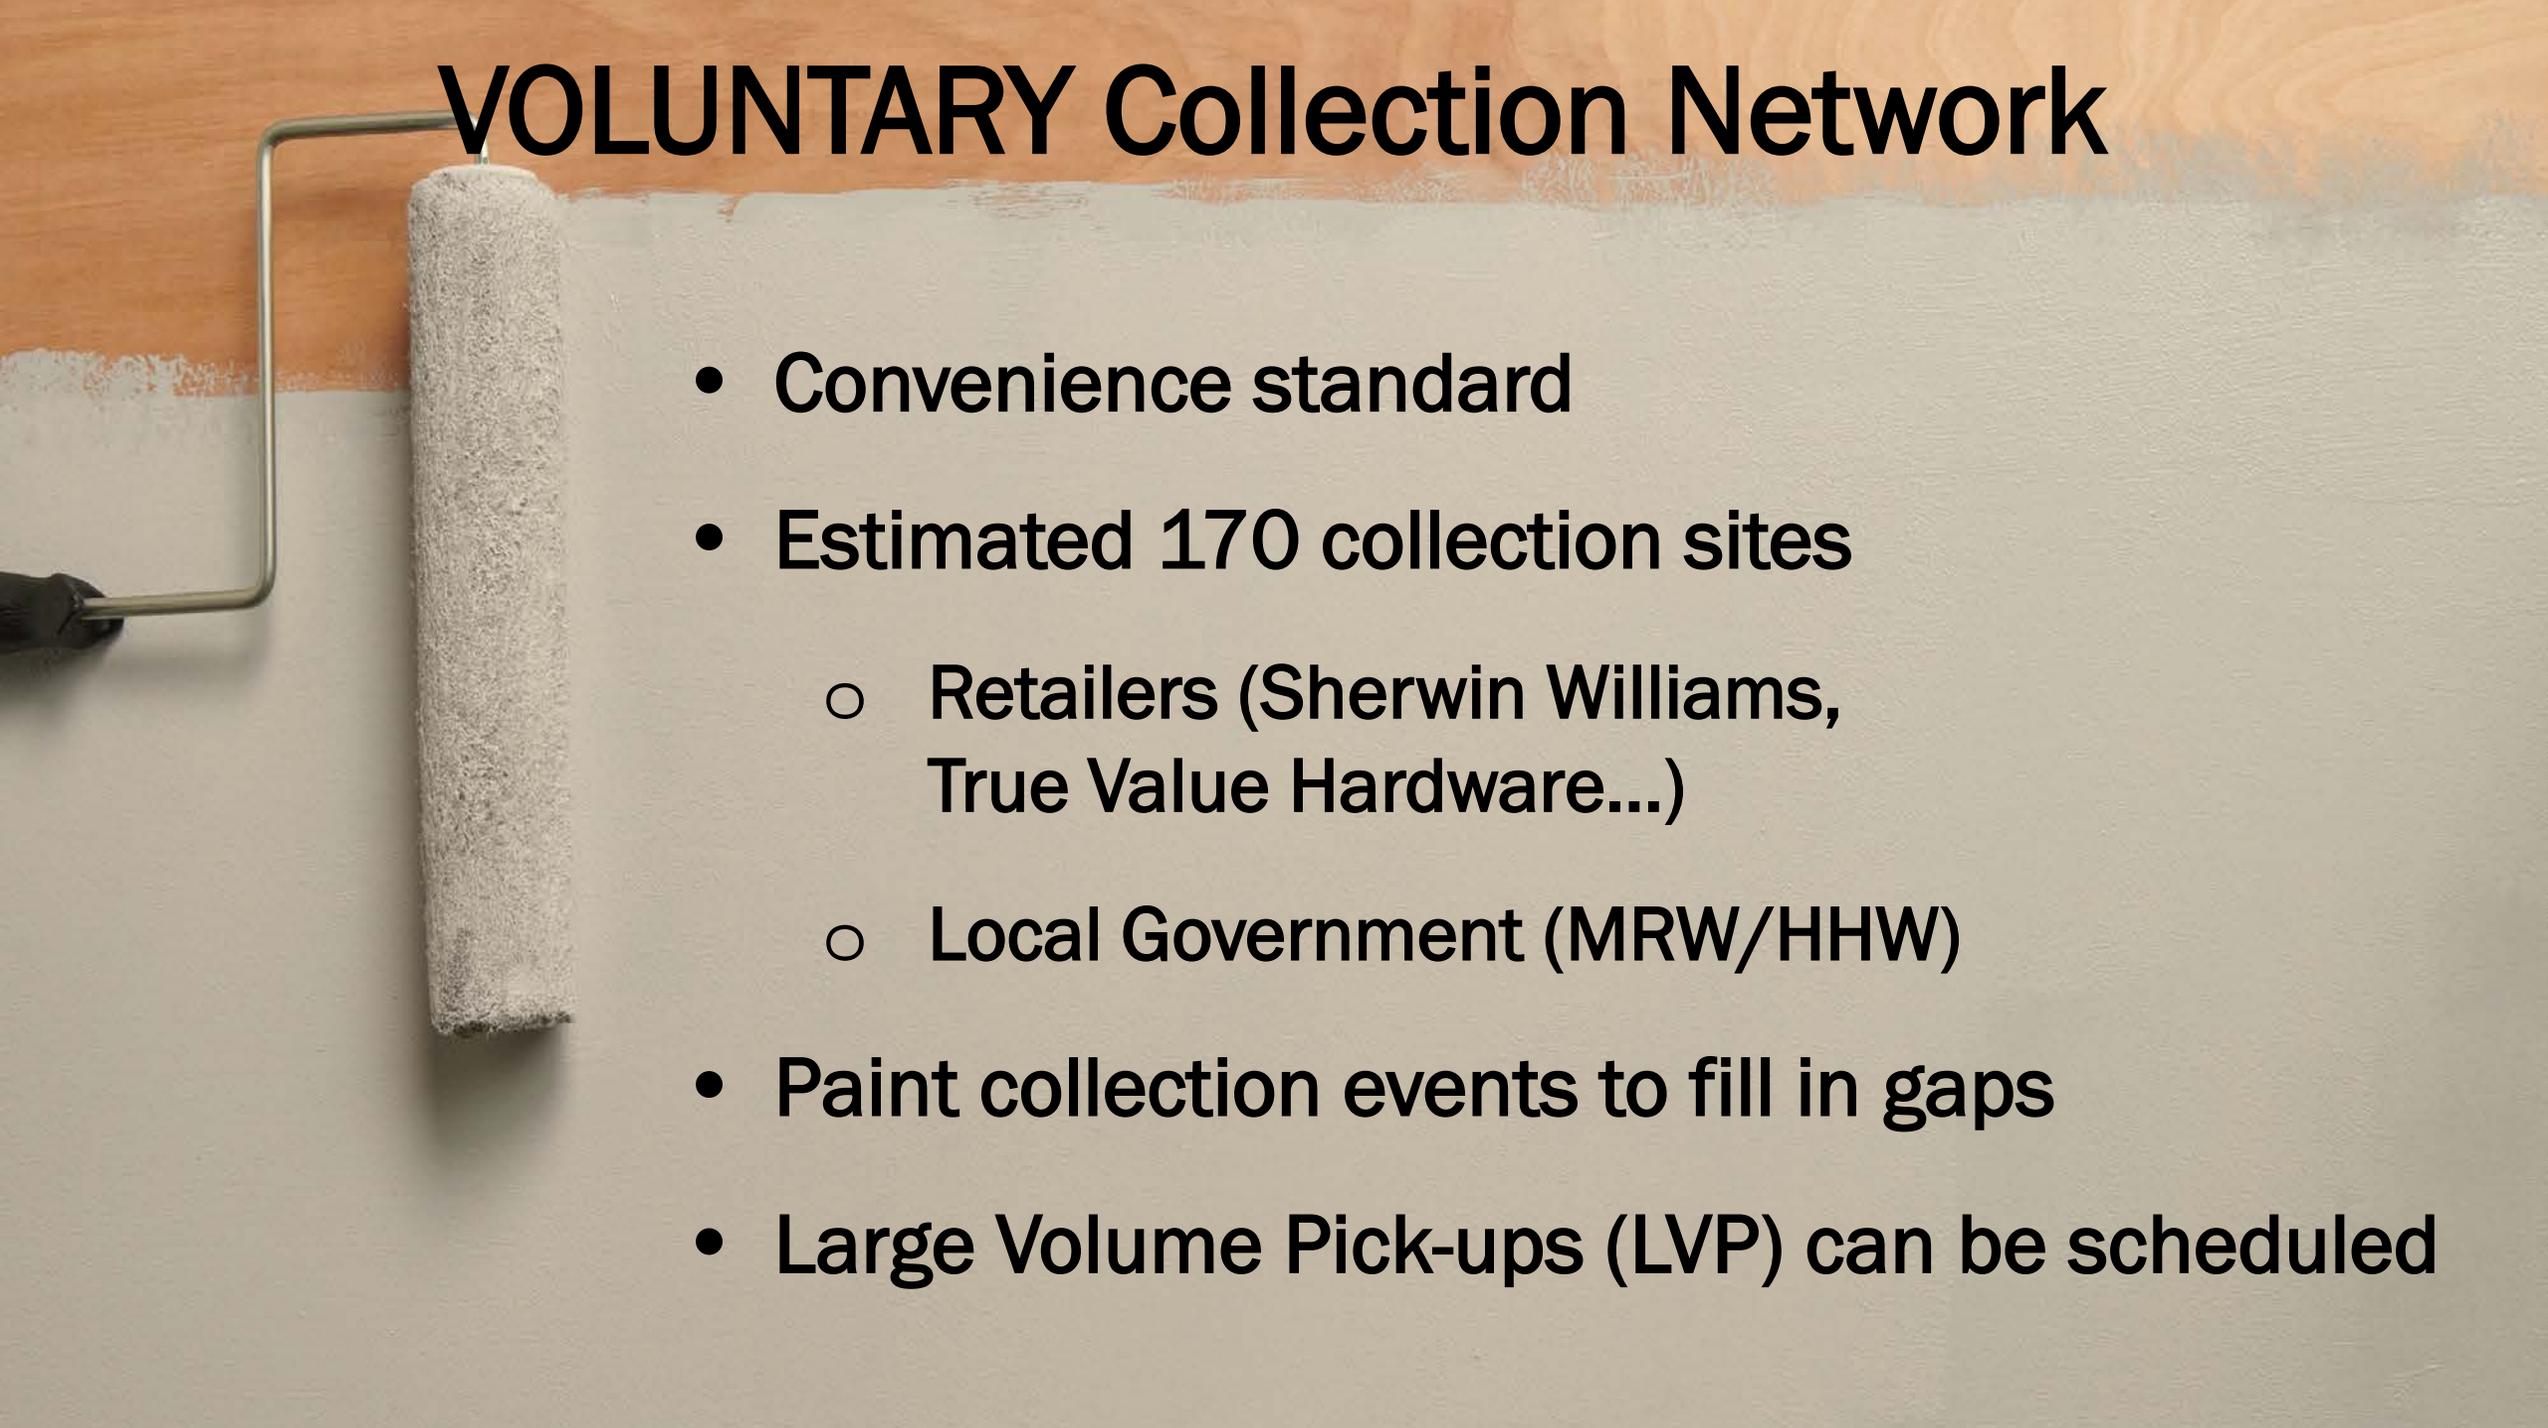

Paint Program Funding

- The paint assessment is added to the cost of new paint
- Program revenue is used to pay for recycling, supplies, transportation and related costs

Container Size	Fee
Half pint or smaller	\$0.00
Larger than half pint up to smaller than 1 gallon	\$0.45
1 gallon up to 2 gallons	\$0.95
Larger than 2 gallons and up to 5 gallons	\$1.95

VOLUNTARY Collection Network

- Convenience standard
- Estimated 170 collection sites
 - Retailers (Sherwin Williams, True Value Hardware...)
 - Local Government (MRW/HHW)
- Paint collection events to fill in gaps
- Large Volume Pick-ups (LVP) can be scheduled

What Happens to the Paint?

What's Been Done So Far?

- **Ecology**

- Facilitate stakeholder outreach
- Publish regulatory guidance
- Launch website and list serv
- Begin plan review

- **Paint Care**

- Build collection network with solid waste facilities and retailers
- Contract with transporters
- Submit program plan
- Develop Washington-specific outreach

PaintCare Program Results

- **11** Programs (California, Colorado, Connecticut, DC, Maine, Minnesota, New York, Oregon, Rhode Island, Vermont and Washington)
- **37 million** gallons of paint collected
- **1758** year-round drop-off sites (76% retail)
- **4755** events (4439 HHW, 201 PaintCare, 115 Other)
- **3531** large volume pickups (200+ gallons to qualify)

What Can You Do?

- Visit: <https://www.paintcare.org/>
- Visit: <https://ecology.wa.gov/Waste-Toxics/Reducing-recycling-waste/Paint-stewardship>
- Join the paint stewardship list serv (info on Ecology's paint website)
- Comment on the stewardship plan (info on Ecology's paint website)

Plastic Packaging Evaluation and Assessment

Chapter 70A.520

Alli Kingfisher

Plastics Policy Specialist – Solid Waste Management Program

November 18, 2020

Research Scope

1

Assess current plastic packaging management system in Washington

2

Assess business use of recycled content in Washington

3

Research global policy & technology options for managing packaging

4

Stakeholder consultations

5

Develop recommendations to meet 2025 plastic reduction goals

2025 Plastic Reduction Goals

- 100% recyclable, reusable, or compostable packaging
- 20% post-consumer recycled content
- Reduce plastic packaging when possible

Identify legislative options to implement by

Steering Committee Timeline

Recycling Development Center

Purpose:

- Provide or facilitate basic and applied research and development, marketing, and policy analysis
- Further the development of markets and processing for recyclable materials

Recycling Development Center

Activities

- Evaluate, analyze and make recommendations on state policies that affect recycling markets.
- Work with stakeholders involved in the recycling market and recyclable materials.
- Study developments in recycling markets.
- Obtain and communicate important findings concerning recycling markets.
- Provide grants or contracts to further develop recycling markets.
- Provide business or marketing assistance to public and private sector stakeholders.
- Represent the state in regional and national market development issues.
- Work to create a regional recycling development council.

Activities

- Provide business assistance to recycling businesses
- Work with manufacturers to increase the use of recycled materials in products and product development;
- Research and development in new technologies;
- Promote manufacturing with recycled commodities;
- Promote purchasing of recycled products
- Study unmet capital of reprocessing and manufacturing firms using recycled materials;
- Identify financing and incentive programs; and
- Conduct research to understand the waste stream supply chain and incentive strategies for retention, expansion, and attraction of innovative recycling technology businesses.

What are Waste Not Washington School Awards?

- Build and improve waste reduction, recycling, and other sustainability programs and curriculum in Washington schools
- \$50,000 Budget with each award providing up to \$5,000 in award funds
- 3 Award Categories providing funding for new and ongoing projects

Waste Not Washington School Award Categories

- Seed Awards
- Sustainable School
Program Awards
- Creative Curriculum
Awards

Seed Award

What is it?

Awards funds to implement school waste reduction and recycling programs.

Buy educational aids and equipment for waste reduction/recycling programs.

- reusable silverware/trays/flatware in school cafeterias,
- food waste reduction through bulk dispensers for milk/juice/water,
- educational signage,
- composting equipment,
- etc.

Integrate sustainability lessons into the curriculum to help meet the goals established by the [State of Washington Environmental Education Guidelines](#).

Who Can Apply?

Teachers or staff members of K-12 public, private, or tribal school or school district applying on behalf of a classroom, school, or school district.

Sustainable School Program Award

What is it?

Recognizes ongoing efforts to maintain and expand waste reduction, composting, and recycling programs.

Intended to recognize a school for their past efforts and support the continuation and future goals of their programs.

We will recognize sustainable school programs created and implemented within five (5) years of the application date.

Who Can Apply?

Teachers or staff members of K-12 public, private, or tribal school or school district applying on behalf of a classroom, school, or school district.

Creative Curriculum Award

What is it?

Awards funds to generate newly created and original curriculum that:

- Introduces students, teachers, staff, and administrators to the concepts of waste reduction, composting, recycling, green chemistry, sustainable design, or circular economy.
- Strives to inspire a sense of environmental stewardship in the students and staff.

Materials must be made publicly available through the Open Educational Resources (OER) Commons portal.

Who Can Apply?

Teachers or staff members of a K-12 public, private, tribal school, or school district applying on behalf of a school, classroom, school district, **local government, tribal government, and not-for-profit/nonprofit organizations promoting and creating curricula for K-12 students.**

Examples of Programs and Curriculum

Recycling

Installing recycling programs

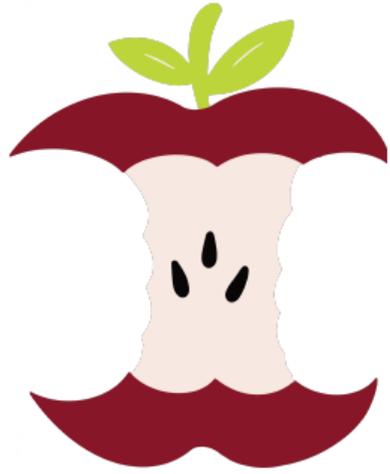

Recycling waste audits

Curriculum on recycling and it's process

Composting and Gardening

Composting programs

School gardens

40th Annual Conference and Trade Show

- Virtual Edition -

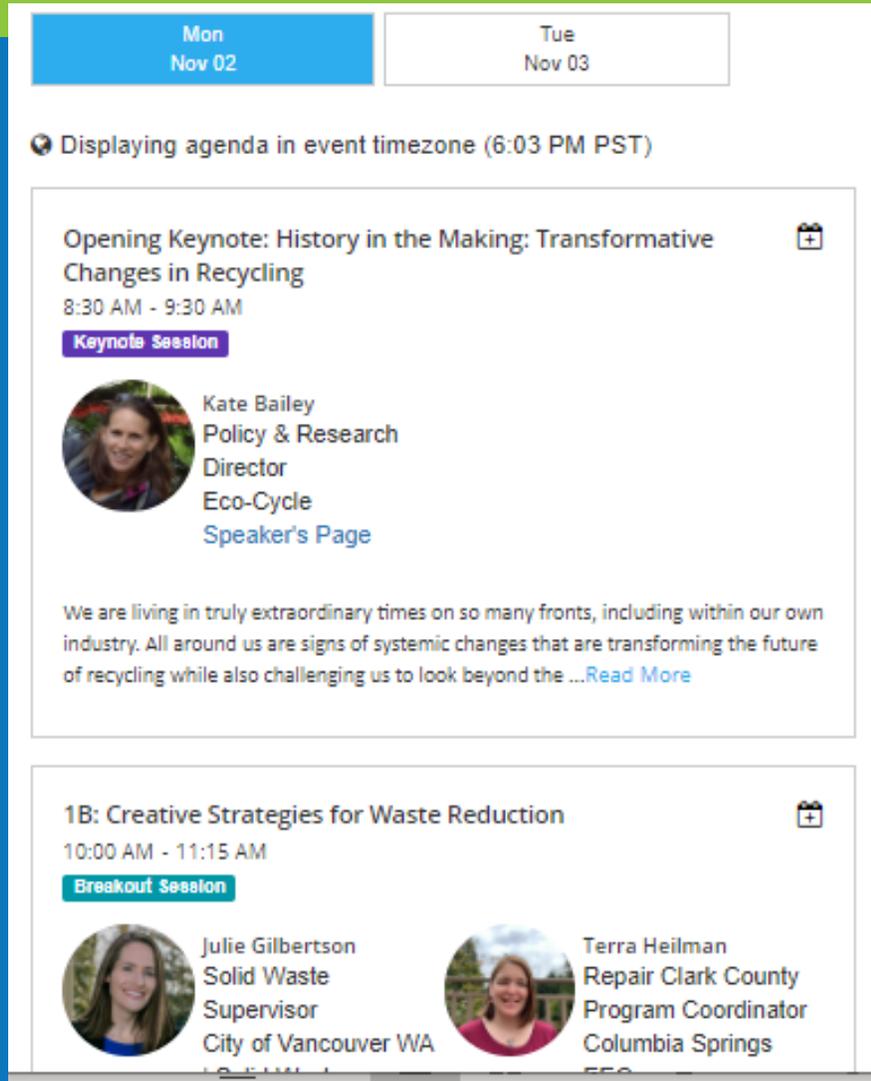

Virtual Conference

The screenshot shows the website for the WSRA 40th Annual Conference & Trade Show, held from Nov 2 - 3, 2020. The page features a blue header with the Whova logo, event title, and date. A navigation menu on the left includes Home, Agenda, Attendees, Community, Exhibitors, Sponsors, and Messages. The main content area displays the event logo and a message: "WSRA's 40th Annual Conference and Trade Show - VIRTUAL EDITION!!". Below this, it states: "Join WSRA for education, conversation, and networking! Our 2-day virtual program offers the same elements you love about our in-person program with the added convenience of being able to participate and network from your home or office! All keynotes and breakout sessions will be available live then on-demand later so you don't have to miss a thing! Gone are the days of choosing only 4 breakout sessions. You can now see all 12!". A section titled "Sponsors" lists several partners, including All Battery Sales & Services, Cascadia Consulting, City of Bellevue, and City of Kirkland.

- As health concerns surrounding large in-person events continued, WSRA made the decision to take our Annual Conference and Trade Show Virtual in June, 2020.

I know the video of the session will be available later. Will the slides also be available to peruse at my own pace. There's a lot of good data on there I'd like to look at.

- All conference content, networking, and more is available for 4-months! Watch any/all breakout sessions when it works best for you!

Virtual Success

Ron Jones

Megan and Board - great job. The Whova and Auctria tools worked great. Nicely done all around.

Rich McConaghy

Thanks Joel and all of the Board, Megan, and many volunteers. Great conference!!

Julie Gilbertson

Great job all who organized and put on a terrific virtual conference!

Rick Vahl

So impressed with the speakers. Nice work!

Rachel DeCordoba

Thank you; glad to meet everyone!

Anna Gibb

Thank you, great conference!

Jackie Lang

Well done ,Team WSRA! It was a bold move to go virtual, and you navigated with agility and fabulous energy. Well done.

Liz Erickson

Very well done!

Troy Lautenbach

way to go WSRA Board and Volunteers. Nicely done. Miss you all!
And Staff!!

Carolyn Bowie

Thank you, the organizers, so much for all the hard work you've done to make this a special conference!!

Danielle Womble

very well done WSRA!

- While there were a few small hiccups and learning lessons; We've received an overwhelming amount of positive feedback!

40th Annual WSRA Washington State Recycling Association Conference & Trade Show

WSRA's 40th Annual Conference and Trade Show - VIRTUAL EDITION!!

Join WSRA for education, conversation, and networking! Our 2-day virtual program offers the same elements you love about our in-person program with the added convenience of being able to participate and network from your home or office! All keynotes and breakout sessions will be available live then on-demand later so you don't have to miss a thing! Gone are the days of choosing only 4 breakout sessions. You can now see all 12!

There are networking and exhibitor breaks throughout the day so you can connect with other attendees, speakers, sponsors, and explore the virtual exhibitors' booths! Attendees can chat 1:1 with other attendees and plan virtual meet-ups during and outside of conference. Have a question or hot topic you want to discuss? Post the topic on the community wall and all attendees have the opportunity to discuss and share with you!

This event is also available on the Whova Mobile App: [Download Link](#). You can interact with others on your phone in the app more conveniently wherever you go.
