

# Spokane River Permits Process and Schedule

Art Jenkins

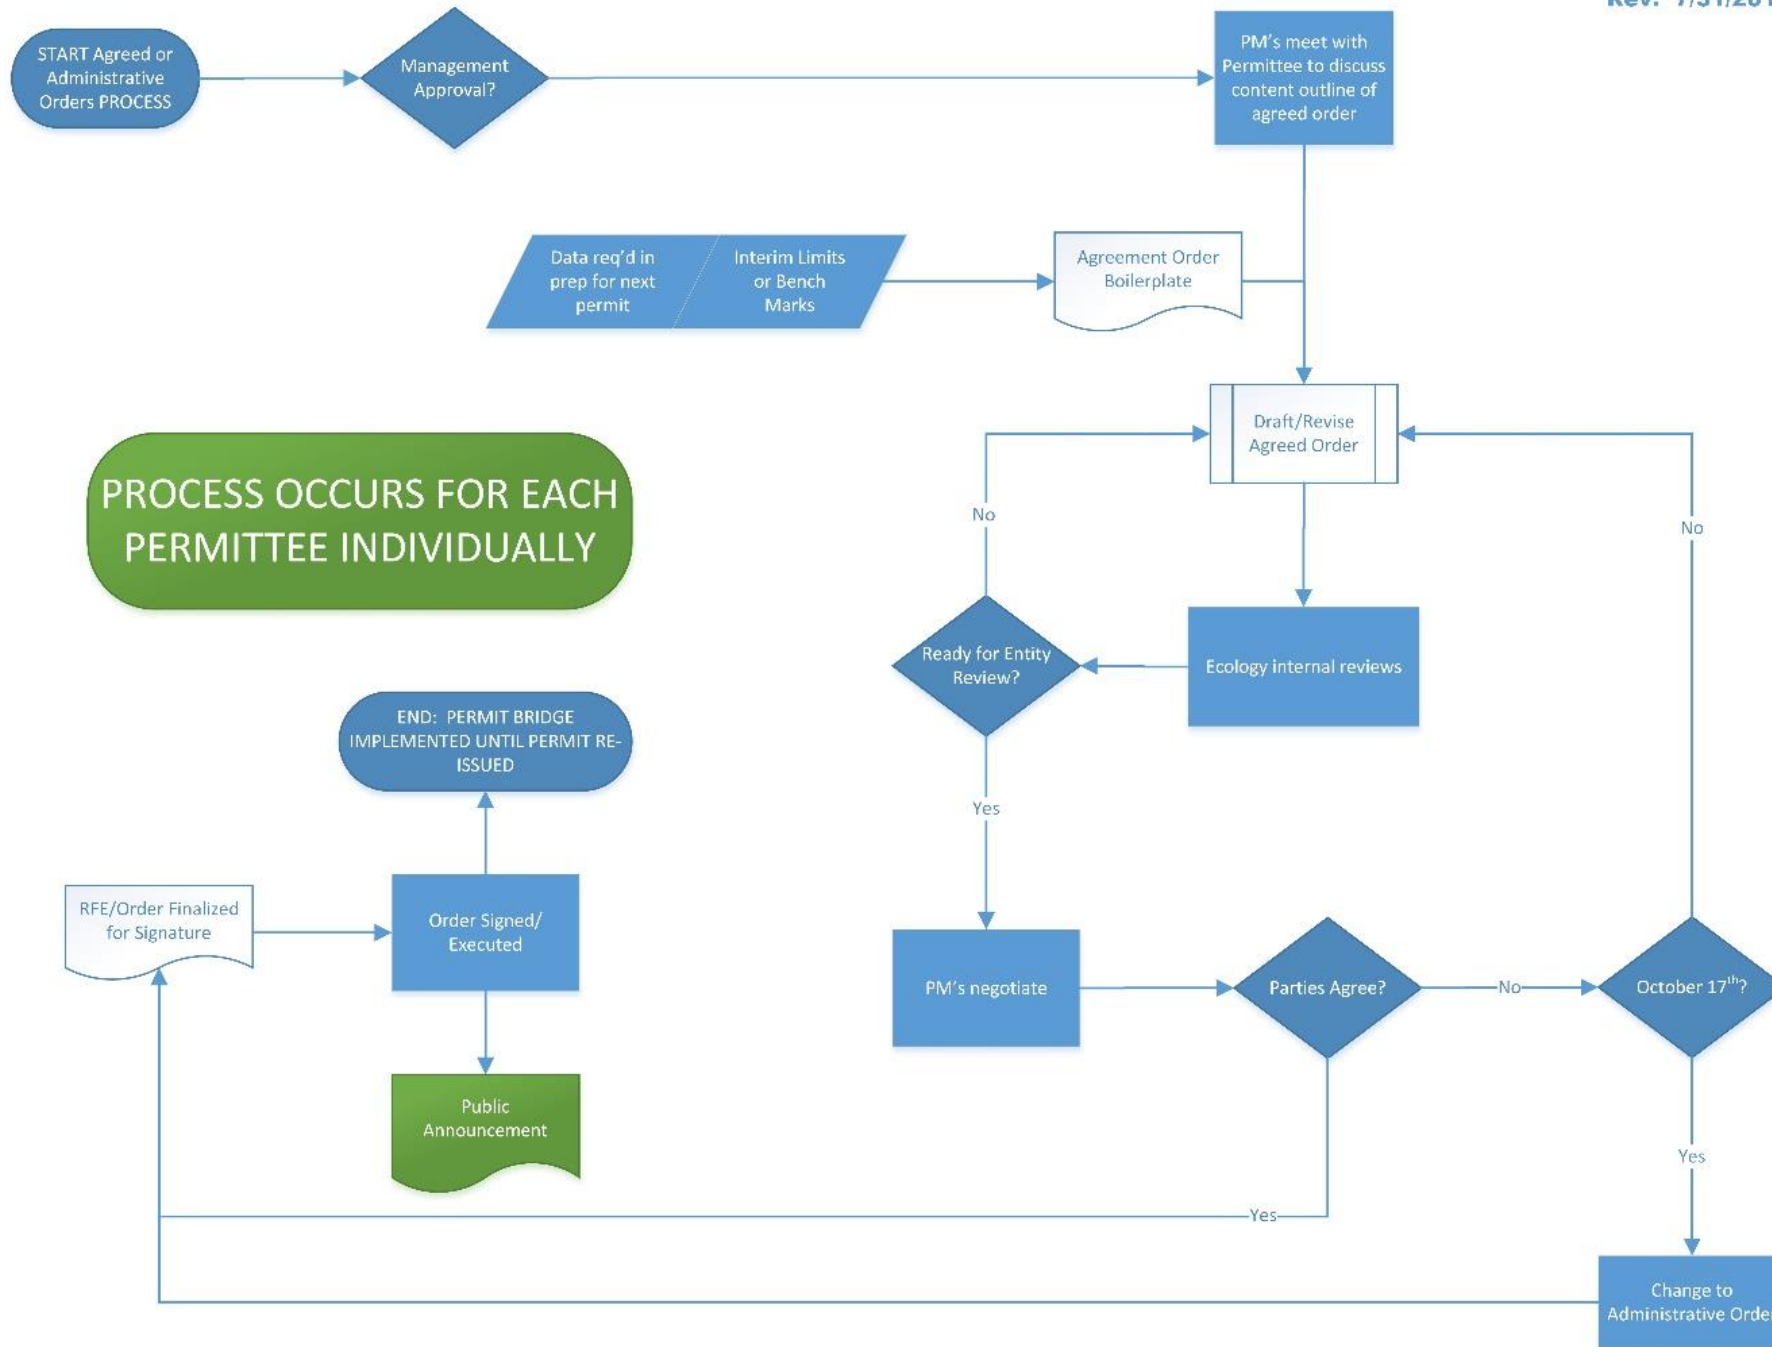

Permit Unit Supervisor, Water Quality Program

# Permit Reissuance: Where We've Been

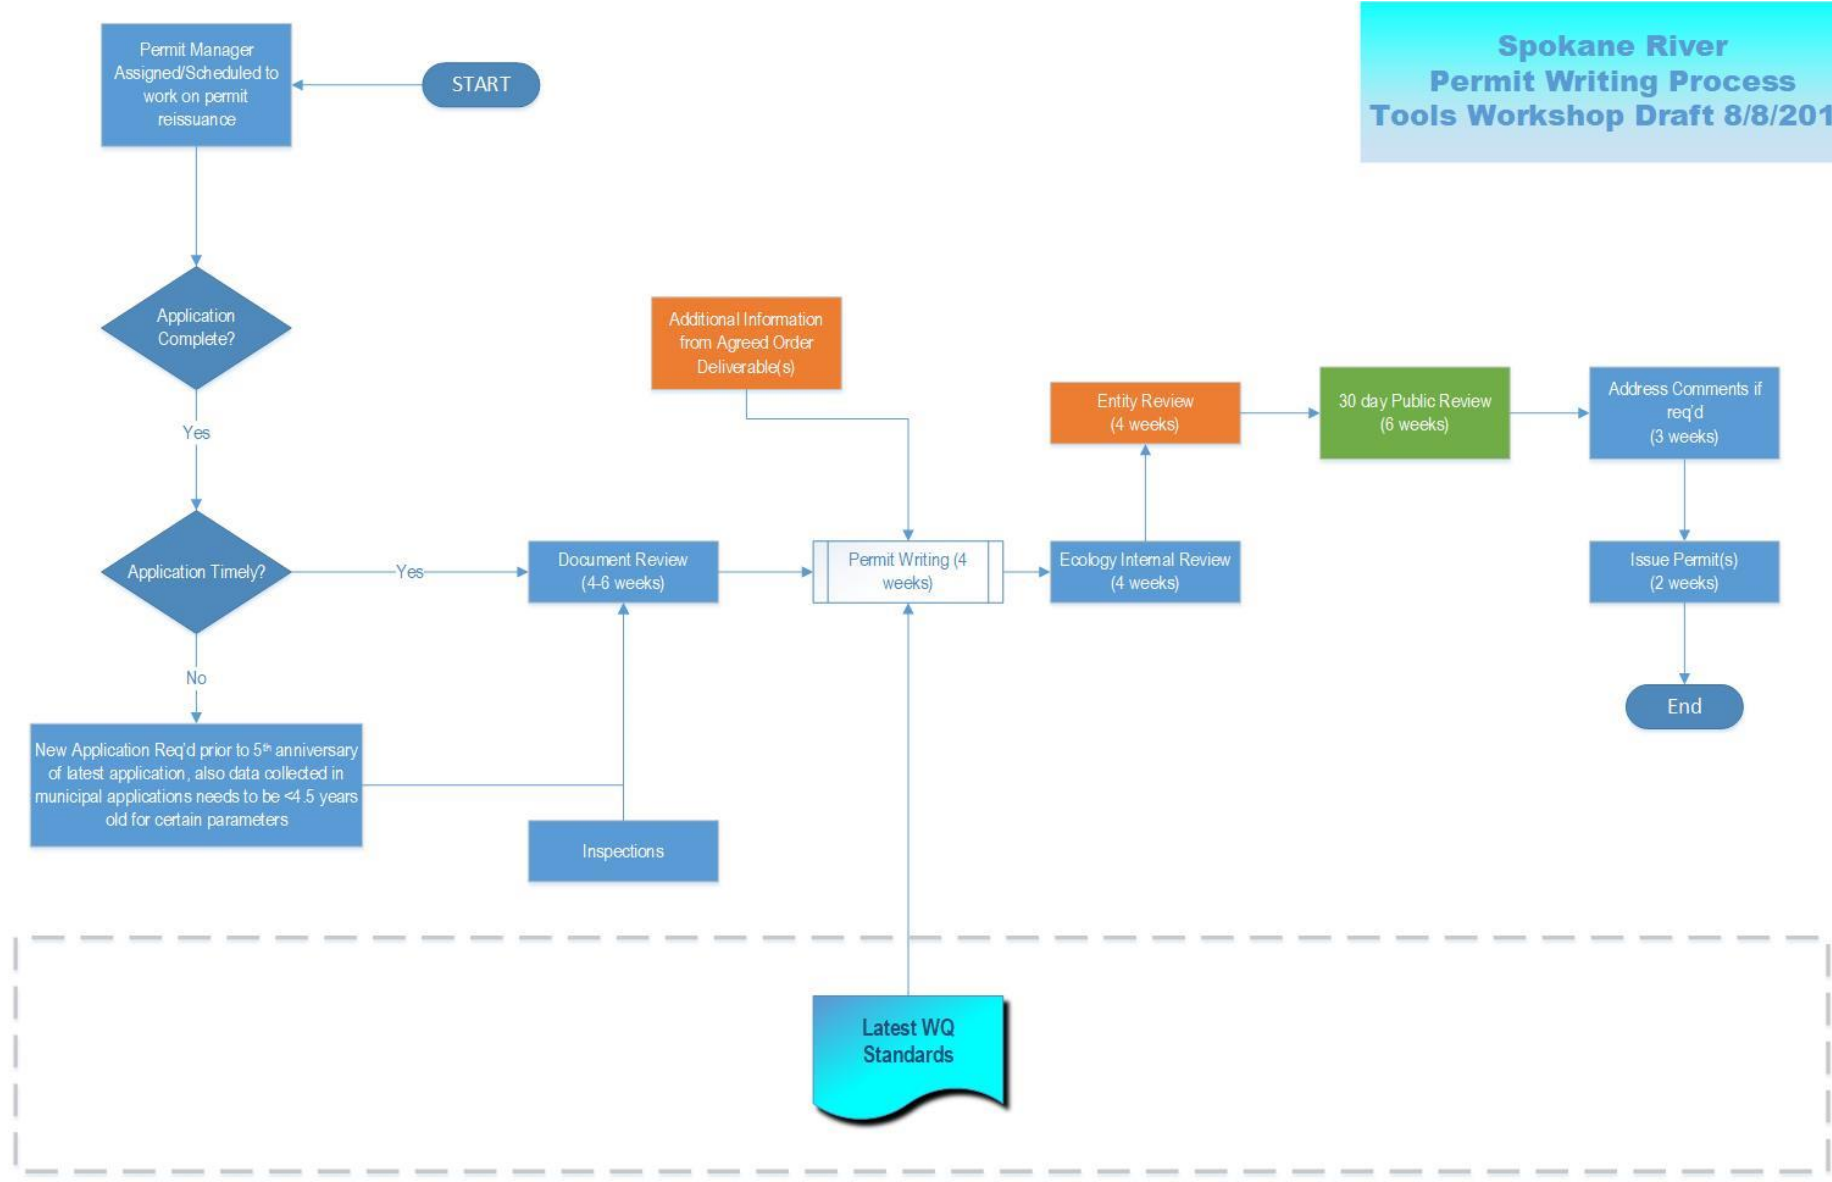

- Permit Applications received in 2015
- Ecology checks for application completeness, accuracy, and timeliness
- Ecology provides administrative continuance for expiring permits while awaiting for confirmation of new Water Quality Standards
- EPA promulgates 7 ppq December 2016
- Ecology meets with Stakeholders 2017
- Review of options available (first half of 2018)

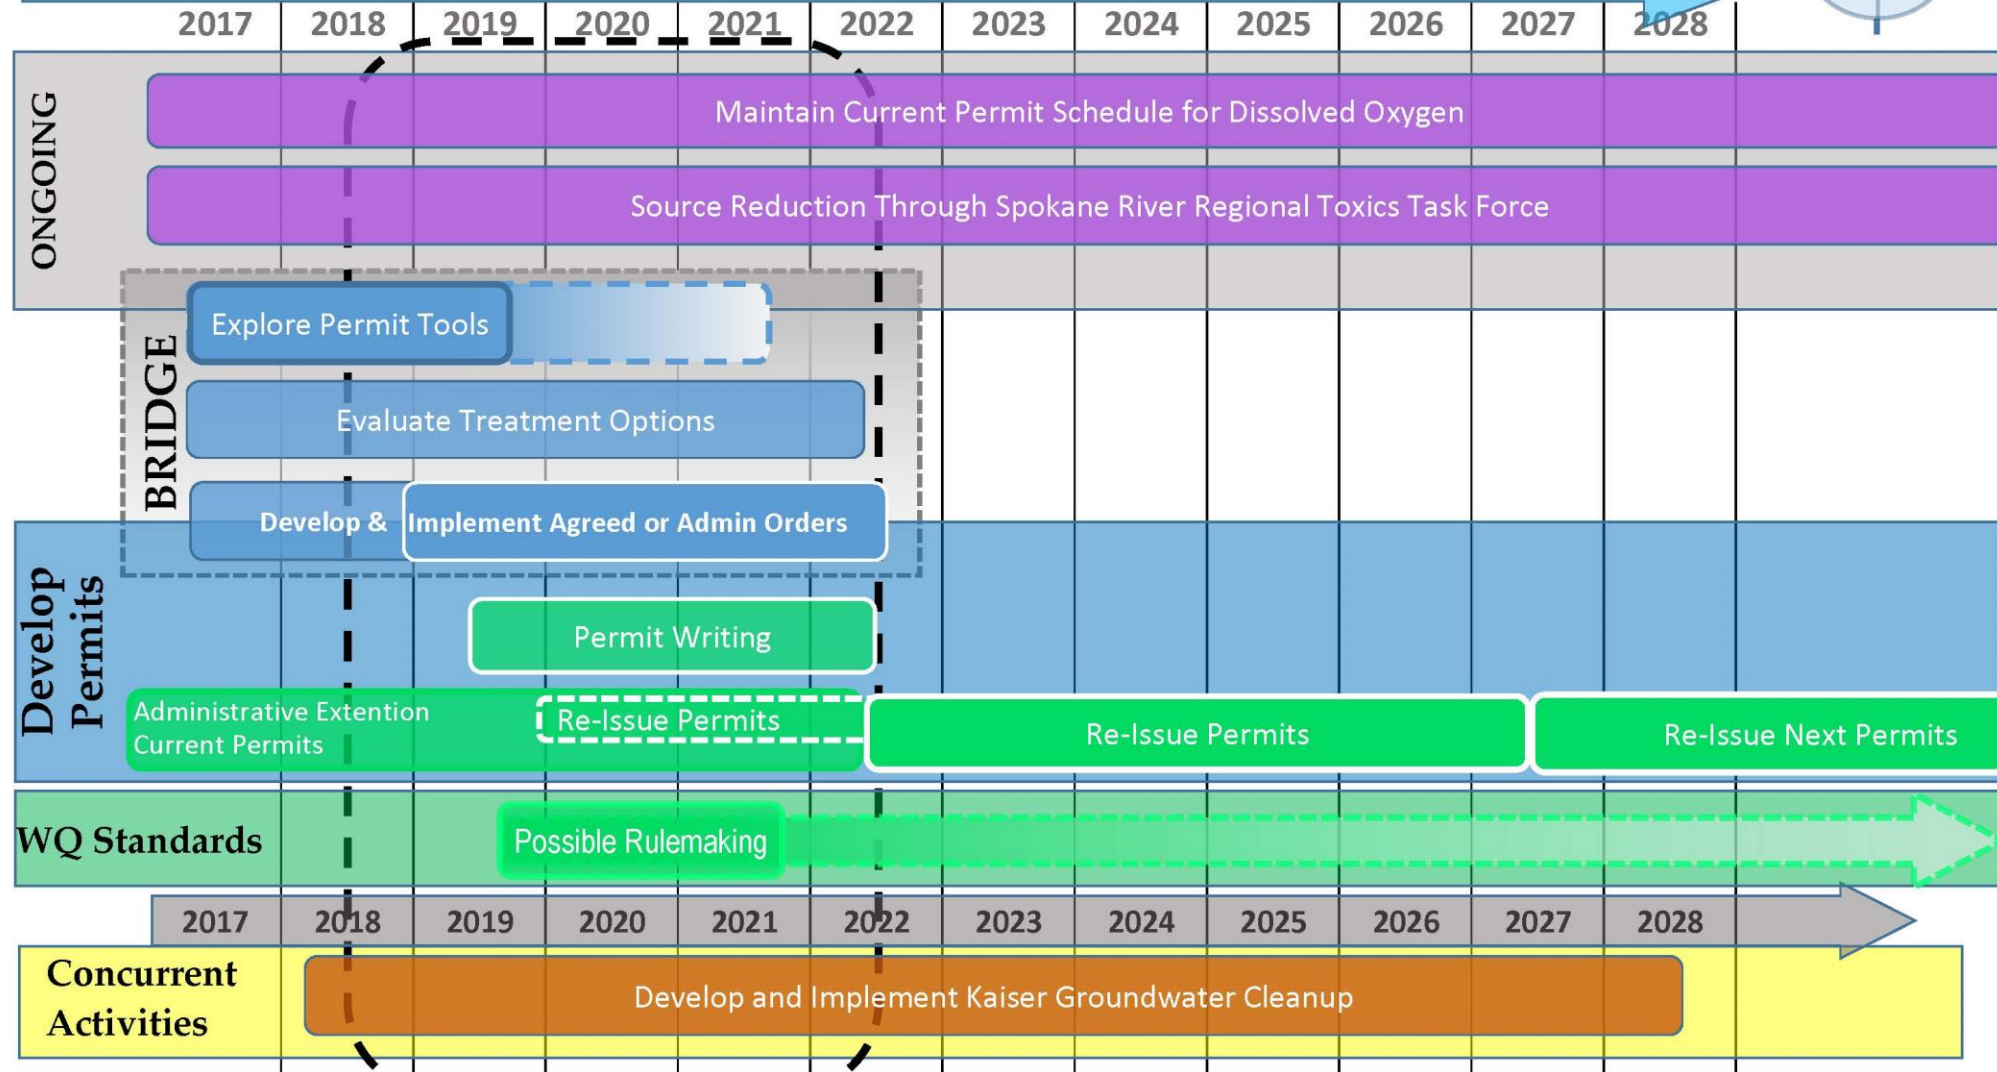

PROCESS OCCURS FOR EACH PERMITTEE INDIVIDUALLY

**Spokane River  
Permit Writing Process  
Tools Workshop Draft 8/8/2018**

# Step-by-Step Approach to Achieve Water Quality Standards

# Where We're Heading

- Agreed/Administrative Orders in place November 2018
- Obtain data needed to update application information
- Complete permit writing
- Goal: Reissue Permits by mid 2022

# Questions and discussion
