

This map shows water wells in Ecology's Well Report database, filtered for a depth greater than 10' and diameter 6-8". Ecology does not have the ability to filter for permit-exempt domestic wells. Location points are based on section, quarter, or quarter-quarter section. Information in the database is based on records submitted by the driller. Well Report Data and Images released from the Department of Ecology are provided on an "AS IS" basis, without warranty of any kind.
