

WRE Plan Local Approval Process

What is your organization's plan local approval process? All members of the WRIA 9 Watershed Restoration and Enhancement Committee must approve the plan before Ecology's review. The legislation does not require governments and organizations on the Committee to go through a formal internal approval process before approving the plan. Please consult with your organization to determine your internal review process and provide the following information to the Committee chair. The Committee chair may ask members to share information on internal plan approval processes and timelines at the February 2020 Watershed Restoration and Enhancement Committee meeting. ***Please return this form to the Committee chair by February 23, 2020.***

Who at your organization will need to *review* the plan before approval?

- _____

Are there specific individuals or bodies that must authorize approval of the plan prior to your vote?

- _____

Briefly describe the process and timeline for reviews, including meeting schedule and/or frequency.

- _____

How can Ecology help?

- _____
