

**To:** WRIA 10 Watershed Restoration and Enhancement Committee

**From:** Rebecca Brown, Washington Department of Ecology, chair of the WRIA 10 Committee

**Date:** January 7, 2021

**Re:** Review of WRIA 10 Final Draft Watershed Restoration and Enhancement Plan

---

Thank you for all of your hard work over the last two years to develop the WRIA 10 Watershed Restoration and Enhancement Plan (watershed plan). We are distributing the final draft watershed plan for entities to complete their review based on the process and schedule provided to the chair. It is at the discretion of each entity to determine their local review process.

The watershed plan, appendices, and associated materials are available on the [WRIA 10 Committee's website](#). In addition, the website includes links the WRIA 10 Committee Overview handout and a template presentation to support your review.

**The WRIA 10 Committee will meet on April 7, 2021 at 9:30 a.m. via WebEx to vote on final plan approval.** RCW 90.94 (3) states that "... all members of a watershed restoration and enhancement committee must approve the plan prior to adoption." Per the [Operating Principles](#), Committee representatives must be present at the meeting to provide their vote on behalf of their entity. The plan will not be submitted to Ecology for review, net ecological benefit determination, or consideration for adoption until all Committee representatives have approved the plan.

If you have any questions or needs during your review, you can reach me at 360-584-3977 or [Rebecca.Brown@ecy.wa.gov](mailto:Rebecca.Brown@ecy.wa.gov).
